America, the Beautiful Muru

Could America possible be named for the first Solar King who came from Lemuria/Atlantis? A dragon!

Read carefully. Then, you will be able to connect the dots.
The legends of the Inca tell us Aramu Muru became the first Solar priest king of the Incas and was thereafter known among his adopted people as Manco Kapac.
Ka-pac, which means “spiritually abundant” or “keeper of the Serpent Wisdom”, who would bear a son thru marriage to Chicomocalt known as Sanat Kumara who would begin what would become known in legends as the Great Solar Brotherhood. These are the Ascended Masters.

Interesting is that in the down line of these Serpent Priest Kings and their Royal Lineages seem to have denoted subtlety their serpent wisdom by including the K sound in their names, such as Kumara, Christ (pronounced Krist), Krishna, Kukulcan, Amarushka.
Lords of MU
Sanat Kumara, grandfather to the Solar Brotherhood assigned his heir Aramu Muru and 12 other “Serpentine Lords” to take the records and power objects of the Amaru to various parts of the world for safekeeping.

Aramu Muru Kings and their servants from the stars, depicted on rock in the American Rockies
This artifact was uncovered in the Americas
Inanna with Lord Marduk (Brahma) and their heir Aramu Muru

There are those in America who believe themselves to be related to these Dragon god Kings. Connecting themselves to royalty from around the world who all place themselves before the Dragon Court. These Dragon Kings are rooted in mystery and myths, bestowing themselves as the Lords of the Left Hand Path, the Lords of Alchemy and light bearers of ancient knowledge.

They readily admit that As Above, So Below” means Earth’s sacred Dragon Clan which mystically connects with the Dragon, the “Infinite Nothing” at the center of the Universe.

The Asian Dragon represents chi, or universal prana, feeding on dragon energy. The Dragon is also connected with the serpent of wisdom, the dynamic energy connecting the paths of the tree of life, and sometimes depicted in myth as swallowing the sun or moon during eclipses. It is also related to the kundalini in another context. In one sense, the “central” constellation Draco is the personification of Nuit, and infinite space itself. Ananta, the great serpent which surrounds the Universe, devours its own tail, thereby reducing it to Zero.
Primal Dragon King of the Pleiades

“The Primal Dragon of the Pleiades. Karttikeya (from Krittika – the Pleiades) with his six heads – the six visible stars of the Pleiades. It is he, Earth’s first dragon, whom we know as Sanat Kumara, Tawsi Melek (the Peacock Angel) and Lucifer, the primal Dragon King of the World.” — Mark Pinkham

European Royalty also seems to have their share of ‘Secret Dragon Societies,’ one being the Dragon Sovereignty, known as the ‘Rex Deus’ fraternity. The Rex Deus was formally created by the Holy Roman Emperor Sigmund, having its origins with the Knights Templar during the 12th Century. It is the story of the Knights Templar, and a behind-the-scenes society called the Prieure de Sion, and its involvement in reinstating descendants of the Merovingian bloodline into political power.
They lay claim to the bloodlines of Yeshua ben Yoseph, otherwise known as the Bloodline of the Holy Grail. Later in Scotland the Royal House of Stewart also made such claim to the Holy Grail bloodline. There are records that affirm the fact that the bloodline entered Briton through Yoseph of Arimathea, and James, brother to Jesus (Yesus) ~Sananda, who came to Glastonbury, along with the children of Jesus and Magdalene. (This is the FAKE Jesus.)
The descendants of this original Solar Brotherhood established by Sanat Kumara have become known through recorded legend and Myth as the Kumara. In European mythology, they are the Great White Brotherhood.

MERO-VINGIANS
Although Merovingian culture was both temperate and surprisingly modern, the monarchs who presided over it were another matter. They (The Sorcerer Kings) were not typical even of rulers of their own age, for the atmosphere of mystery legend, magic and the supernatural, surrounded them, even during their lifetimes. If the customs and economy of the Merovingian world did not differ markedly from others of the period, the aura about the throne and royal bloodline was quite unique.
Sons of the Merovingian blood were not ‘created’ kings. On the contrary they were automatically regarded as such on the advent of their twelfth birthday. There was no public ceremony of anointment, no coronation of any sort. Power was simply assumed, as by sacred right.
But while the king was supreme authority in the realm, he was not obliged – or even expected – to sully his hands with the mundane business of governing. He was essentially a ritualized figure, a priest-king, and his role was not necessarily to do anything, simply to be. The king ruled in short, but did not govern.
Even after their conversion to Christianity the Merovingian rulers, like the Patriarchs of the Old Testament, were polygamous. On occasion they enjoyed harems of oriental proportions. Even when the aristocracy, under pressure from the Church, became rigorously monogamous, the monarchy remained exempt. And the Church, curiously enough, seems to have accepted this prerogative without any inordinate protest. According to one modern commentator: Why was it [polygamy] tacitly approved by the Franks themselves?
We may here be in the presence of ancient usage of polygamy in a royal family – a family of such rank that its blood could not be ennobled by any match, however advantageous, nor degraded by the blood of slaves. It was a matter of indifference whether a queen were taken from a royal dynasty or from among courtesans.
The fortune of the dynasty rested in its blood and was shared by all who were of that blood. And again, ‘it is just possible that, in the Merovingians, we may have a dynasty of Germanic Heerkonige* derived from an ancient kingly family of the migration period’.

“Briefly, the Dragon lineage starts in the Caucasus with the Annunaki, descending through migrating proto-Scythian to the Sumerians while branching off also into the early Egyptians, Phoenicians and Mittani. A marriage bridge back to Scythia infused the Elvin line of “Tuatha de Danaan” and the Fir Bolg, which branched into the Arch-Druidic, Priest-Princely family to the Royal Picts of Scotland and the ring kings of the Horse Lords of Dal Riada, through the Elven dynasty of Pendragon and Avallon del Acqs, and down to a few pure bred families today.” — Nicholas de Vere
The Royal Court of the Dragon was founded by the priests of Mendes in about 2200 BC and was subsequently ratified by the 12th dynasty Queen Sobeknefru. This sovereign and priestly Order passed from Egypt to the Kings of Jerusalem; to the Black Sea Princes of Scythia (Princess Milouziana of the Scythians) and into the Balkans – notably to the Royal House of Hungary, whose King Sigismund reconstituted the Court just 600 years ago. Sigismund’s assumed descent from Melusine. Her ancestry actually can be traced back to the Scythian Dragon Princess Scota, Queen Sobekh Nefru and the Egyptian Cult of the Dragon. Vlad Dracul was a minion of Sigismund of Luxembourg, and was educated at the Emperor’s court in Nuremberg. Dracul was invested into Societas Draconis.

The Byzantine Emperor Constantine was a Dragon King. The Byzantine emperor Leo III married his son Constantine (V) to the Khazar princess as part of the alliance between the two empires. Princess Tzitzak was baptized as Irene. Their son Leo (Leo IV) was known as “Leo the Khazar”, emperor of the Eastern Roman (Byzantine) Empire from 775 to 780.

Cain has DRAGON blood

One of the interesting items from the archives of the Dragon Court was the origin of the word ‘kingship’. It derives from the
very earliest of Sumerian culture wherein ‘kingship’ was identical with ‘kinship’ – and ‘kin’ means ‘blood relative’. In its original form, ‘kinship’ was ‘Kainship’. And the first King of the Messianic Dragon succession was the biblical ‘C(Kain)’, head of the Sumerian House of Kish.

“On recognizing this, one can immediately see the first anomaly in the tradition of the Genesis story, for the historical line from David to Jesus was not from Adam and Eve’s son, Seth, at all. It was from Eve’s son Cain, whose recorded successors (although given little space in the Old Testament) were the first great Kings (or Kains) of Mesopotamia and Egypt. According to the Dragon tradition, the importance of Cain was that he was directly produced by Enki [Satan] and Ava [Eve], so his blood was three quarters Anunnaki. His half brothers Hevel and Satanael (better known as Abel and Seth) were less than half Anunnaki, being the offspring of Ateba and Ava (Adam and Eve).

The Canaanite territory of northern Israel was later occupied by the tribe of Dan, whose worship of Baal/Pan involved such fertility rites at Mount Hermon, also called Mount Sion. Merovingians are the offspring of the tribe of Dan which intermarried with the Canaanite Tuatha De Danann, also known as the Dragon Lords of Anu because they were said to be the offspring of the fallen angels (Anunnaki). When God dispersed the northern tribes for their wickedness, the tribe of Dan migrated to Greece, and later to France and the British Isles where they established pagan priesthoods and royal dynasties of the demonic bloodline:

“The Tuatha De Danann (or Dragon Lords of Anu)…[before settling in Ireland (from about 800 B.C.)]…were the…Black Sea princes of Scythia (now Ukranie). Like the original dynastic Pharaohs, they traced their descent from the great Pendragons of Mesopotamia; from them sprang the kingly lines of the Irish Bruithnigh and the Picts of Scotland’s Caledonia. In Wales they founded the Royal House of Gwynedd, while in Cornwall in the southwest of England, they were the sacred gentry known as Pict-Sidhe.

So, from a single caste of the original Blood Royal – whether known as the Sangréal, the Albi-gens or the Ring Lords – we discover many of the descriptive terms which sit at the very heart of popular folklore. For here, in this one noble race, we have the ‘elves’, ‘fairies’ and ‘pixies’ – not beguiling little folk, but distinguished Kings and Queens of the Dragon succession.” — Laurence Gardner, In the Realm of the Ring Lords
The Druidic Pendragon was passed on to the Merovingian kings in 666 A.D.: 
“The Celtic Pendragons were not father-to-son successors in a particular descent, but were chosen from various reigning dragon families and individually elected by a druidic council of elders to be the King of Kings. The last Pendragon was Cadwaladr of Gwynedd, who died in A.D. 664. At around that time much of Britain fell to the Germanic influence of the invading Anglo-Saxon and Angle-land (England) was born as distinct from Scotland and Wales.” — Laurence Gardner

“The Merovingian kings were noted sorcerers in the manner of the Samaritan Magi” — Laurence Gardner, Bloodline of the Holy Grail

The term “Merovingian” is said to derive from Merovee, King of the Franks from 447-458 A.D. According to the legend, as explained in Bloodline of the Holy Grail, Merovee had two fathers, King Clodion and a strange “beast of the sea.”

“Despite the carefully listed genealogies of his time, the heritage of Meroveus was strangely obscured in the monastic annals. Although the rightful son of Clodion, he was nonetheless said by the historian Priscus to have been sired by an arcane sea creature, the Bistea Neptunis.

The Sicambrian Franks, from whose female line the Merovingians emerged were associated with Grecian Arcadia before migrating to the Rhineland. As we have seen, they called themselves the Newmage — ‘People of the New Covenant’, just as the Essenes of Qumran had once been known. It was the Arcadian legacy that was responsible for the mysterious sea beast — the Bistea Neptunis — as symbolically defined in the Merovingian ancestry. The relevant sea-lord was King Pallas, a god of old Arcadia... The immortal sea-lord was said to be ‘ever-incarnate in a dynasty of ancient kings’ whose symbol was a fish – as was the traditional symbol of Jesus.” — Laurence Gardner, Bloodline of the Holy Grail
ENTER INTO THE REAL TRUTH of BISTEA NEPTUNIS:
The term “Merovingian” is said to derive from Merovee who was King of the Franks from 447-458 A.D. Despite recent claims that the Merovingian Franks were sired by Jesus Christ and Mary Magdalene, and are therefore “divine,” the legend of King Merovee conceals the true origins of the Merovingian race in remote antiquity. According to the legend, as explained in Bloodline of the Holy Grail, Merovee had two fathers, King Clodion and a strange “beast of the sea.” “Despite the carefully listed genealogies of his time, the heritage of Meroveus was strangely obscured in the monastic annals. Although the rightful son of Clodion, he was nonetheless said by the historian Priscus to have been sired by an arcane sea creature, the Bistea Neptunis…” “The Sicambrian Franks, from whose female line the Merovingians emerged were associated with Grecian Arcadia before migrating to the Rhineland. As we have seen, they called themselves the Newmage — ‘People of the New Covenant’, just as the Essenes of Qumran had once been known. It was the Arcadian legacy that was responsible for the mysterious sea beast — the Bistea Neptunis — as symbolically defined in the Merovingian ancestry. The relevant sea-lord was King Pallas, a god of old Arcadia. His predecessor was the great Oceanus. The immortal sea-lord was said to be “‘ever-incarnate in a dynasty of ancient kings’ whose symbol was a fish – as was the traditional symbol of Jesus.” (Laurence Gardner, Bloodline of the Holy Grail, pp. 166, 175)
The Bistea Neptunis was worshiped in classical antiquity as the Roman god, Neptune, and as Poseidon in Greek mythology. Neptune was the mythological god of the sea who is said to have founded Atlantis, which is the pagan version of the pre-flood civilization which God judged in Genesis 7. Revelation 13:1, which identifies the Antichrist system as “the beast that rises out of the sea,” becomes crystal clear upon discovery that a demonic bloodline which exists today that was originally sired by a mysterious “sea beast”—the Bistea Neptunis. “And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns, and upon his horns ten crowns, and upon his heads the name of blasphemy. And the beast which I saw was like unto a leopard, and his feet were as the feet of a bear, and his mouth as the mouth of a lion: and the dragon gave him his power, and his seat, and great authority.” (Rev. 13:1-2) “Meroveus” derives from the French words “mer” meaning “sea” and “vere” meaning “werewolf” or “dragon.” The book of Revelation informs us the dragon is “‘the Devil, and Satan’: “And there was war in heaven: Michael and his angels fought against the dragon; and the dragon fought and his angels… And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him.” (Rev. 12:9) More here:
http://www.watch.pair.com/merovingian.html#nephilim
The legend of King Merovee conceals the TRUE origins of the Merovingian race in remote antiquity. “Meroveus” derives from the French words “mer” meaning “sea” and “Vere” meaning “werewolf” or “dragon.” The book of Revelation informs us that the dragon is “the Devil, and Satan,” hence the esoteric allusion to the Merovingians’ progenitor, King Merovee, a king of France sired by a mysterious “beast of the sea,” is a claim that the Merovingian dynasty has literal Satanic descent: “There was a very great ‘Jewish’ component among the Sicambrian Franks/Merovingians and, because they practiced polygamy (another Merovingian peculiarity) they left a great number of offspring. These aristocratic Merovingian children married into almost all of the noble families of Europe during the 5th, 6th, and 7th centuries. This has prompted more than one historian to suggest that the foundation of European nobility is Jewish!” — Michael Bradley, Holy Grail Across the
Atlantic
“There are at least a dozen families in Britain and Europe today — with numerous collateral branches — who are of Merovingian lineage. These include the House of Hapsburg-Lorraine… Plantar, Luxembourg, Monetized, Montes que, and various others. According to the ‘Prewar documents’ the Sinclair family in Britain is also allied to the bloodline, as are various branches of the Stu arts… In many of its documents the Sion asserts that the new king, in accordance with Merovingian tradition, would ‘rule but not govern’. In other words he would be a priest-king who functions primarily in a ritual and symbolic capacity; and the actual business of governing would be handled by someone else — conceivably by the Priori de Sion.” — Baigent, Michael, Richard Leigh and Henry Lincoln, Holy Blood, Holy Grail

Ha….werewolves of London…is not to fiction after all, is it?

After the Merovingian dynasty was deposed by the Roman Church in 800 AD, their demonic bloodline was preserved by the “Imperial and Royal Dragon Court” which conspired to regain control of the Holy Roman Empire through infiltration of Church and State. Their insignia was the dragon in the form of a circle and a red cross—the Rosy Cross of the Priori de Sion, the Knights Templar and the Rosicrucians.

“When the Imperial and Royal Dragon Court was reconstituted by King Sigismund in 1408 as the Societas Draconis, it was based upon an ancient bloodline tradition which Sigismund assumed that he had inherited from his presumed Egyptian and Scythian ancestors through the Pictish, Dragon Princess Maelasanu of Northumbria and the Ancient and Original Angevin Royal House of Vere of Anjou, the Imperial Dukes of Angiers. This line had descended through the Tuatha de Danaan (the Dragon Kings of Anu) on the one hand, and the Egyptian Dragon Dynasty of Sobek on the other. The latter strain included the bloodline of the Davidic House of Judah who married into the descent of the Merovingian Kings of the Franks. In 1408 (when Britain was in her Plantagenet era), the Dragon Court was formally reconstituted as a sovereign body at a time of wars and general political turmoil… The founding document…stated that members of the Court might wear the insignia of a dragon in curved into a circle, with a red cross—the very emblem of the original Rosicrosse which had identified the Grail succession from before 3000 B.C.” — Laurence Gardner, Genesis of the Grail Kings

The Merovingian dynasty still maintains its legitimacy and will one day openly assert the divine right of their nobility to rule the world as an angelic race of demigods, whose ancestors were the fallen angels.
Robert the Bruce was far more than an “early Scottish King.” He was a high born Merovingian:
Priest-King of the Celtic Church
Liberator of Scotland from England
Sovereign Grand Master of the Order of the Knights Templar
Founder of the Order of the Rosy Cross

“In 1307...under the auspices of Robert the Bruce and the excommunicated clergy, the Order was restructured into a Church, with a hierarchy quite independent of Rome. The Templar Church had abbots, priests, and even bishops... The Knights began to train the army of Robert the Bruce in the hit-and-run tactics of warfare established in the Crusades... The Roman Church may have betrayed the Templars, but in Scotland they found something far more trustworthy and tangible: a sacred royal house and a Priest-King of the Celtic Church succession.

The King of Scots was installed as the hereditary Sovereign Grand Master, and from that time, whichever descending King held that office, he was to be known as ‘Saint Germain.’ A new Order was then formed, called the Elder Brothers of the Rosy Cross, and several of the Rosy Cross Knights then sailed to France for a meeting with Pope John XXII at Avignon.

Many historians have presumed therefore that the Knights Templars must have disbanded in Scotland, but this was not the case; it was simply that Bruce had contrived the secret Order to become even more secretive. Indeed, the Order of the Knights of the Rosy Cross had been established by Bruce for Templars who had been valiant at Bannockburn, and this was a very successful cover.” — Prince Michael Stewart, The Forgotten Monarchy of Scotland

These gods knew how to fly with their ships. The eagle was the symbol; that shows the power of flight. Notice the watch?
Gate of the Gods

This research began with reading of a possible “Stargate of the Alien gods”...then I began to see connections! This is one means of travel for them (the solar gods). Our government military went to Peru and the Middle East to obtain these relics. This is how the world gains its technology.
Editor: This was taken from various websites but all one need do is put 2 and 2 together.
America is named after the Amaru Muru. This is the legend of the fallen angels who call themselves the Ascended Masters.
The founding fathers of our country worshiped these Ascended Masters, and they remain faithful to them until this very day.
They will cause the downfall of America because Atlantis fell and the rise of the Serpent gods will guide the New Atlantis (America) for satan and his Ascended Masters,…the Solar Brotherhood.

The ‘royal’ lineage that these people claim is of Jesus Christ is their FAKE Jesus. But, you need to pay extra attention to their plans to bring forth this information as a key to the future reign as Jesus Christ. Of course, it will be taken down by then, this information. So, soak it in….tell your friends and family, YOUR immortality depends on it.
Sounds like a extravagant legend made out of myth but it is true.
They bring forth the truth of their heritage and how it came to be and are proud of it. But, this pride is what caused Lucifer to fall! And it will be the death of them as well.
