**Equally important, this information reinforces the theory that the 911 attack was an attempt to cover up massive money and gold laundering activity by destroying multiple investigations in the World Trade Center. We now know that additional investigations were being conducted by the ONI which was housed in the section of the Pentagon hit by Flight 77. It is now clear that the actual gold used to kick-off the Durham/Brady Bond scam came from Swiss accounts managed by the individual responsible for the 1991 Brady Bonds – George HW Bush.**

In that sense, an investigation of those accounts for any reason would have brought global visibility to a \$240 billion “scam” in which the Russian mafia and George HW Bush, with support from major American financial houses, attempted to take over major segments of Russian industry during the privatization of the collapsing Soviet economy, a collapse largely facilitated by a Bush managed currency destabilization program. **It sheds new light on the growing relations between the Russian mafia and the Bush family personal investments.**

## **NEOCONS AND THE PROJECT FOR THE NEW AMERICAN CENTURY**

The PNAC is referred to under several names – neo-conservatives, neocons, neokons, PNAC, and Hillary Clinton’s unidentified “right wing conspiracy.”

“In 1997 a group of neo-conservatives founded the *Project for the New American Century* (PNAC) – A year later PNAC called for the removal of Saddam Hussein’s regime in Iraq – **In 2000 they predicted that the shift in US foreign policy towards that aim would come about slowly, unless there were “some catastrophic and catalyzing event, like a new Pearl Harbor”.** That event happened on September 11th 2001 – Ten people in the Bush administration were members of PNAC. They include Dick Cheney, Donald Rumsfeld, Paul Wolfowitz, Richard Armitage, John Bolton, Zalmay Khalilzad and member of the advisory Defense Science Board, Richard Perle” [The Dossier, ukonline.co.uk]

The publicly acknowledged intent of the PNAC group is the ‘furtherance of democracy,’ in a manner that was inconceivable under prior U.S. administrations. Essentially, the PNAC model for U.S. foreign policy is one of unilateral aggression, putting the U.S. foreign policy in the company of many historical imperialist powers.”

### **The Pentagon**

It must be noted that the Office of Naval Intelligence in the Pentagon, which sustained a direct hit from an airliner that day, was without a doubt, a target that was pinpointed for destruction. There are a number of indicators that this was the case:

- The command centers of the US Armed forces and the Office of the Secretary of Defense are located on the River and Mall, northern facing segments of the Pentagon.<sup>20</sup> This is public information. Either of those facades should have been the prime target for a well-planned attack. It needs to be remembered that the individuals responsible for September 11 had almost three years to plan their assault. The targets and methods were not haphazard.
- The western facing section of the Pentagon that was attacked had been under constructions for almost two years, and would not have been considered as a target, unless it was targeted for a specific reason.
- The Naval Command Center had been moved into that newly opened section of the Pentagon a month earlier<sup>21</sup>;
- The attacking aircraft went through great effort to hit the west side of the Pentagon, under either of contentious scenarios, looping around the Pentagon by 270 degrees after approaching from the north east, or looping 360 degrees with it’s approach from the West. Under either scenario, the additional looping created an opportunity with extra flight time for defense systems to take out the attacking plane, and the hijackers took a significant risk of being shot down by executing this maneuver. <sup>22</sup>(See Figures 1 and 2)

- If one looks carefully at the Koeppel flight path approach seen in Figure 1, the attacking flight path went almost directly over the Whitehouse, bypassing what should be considered a primary target, for a supposedly empty section of the Pentagon. With the alternative approach presented by the National Transportation Safety Board, the extra distance in the loop would have allowed it to hit either the White House or the Capitol had it continued straightforward.
- Derek Vreeland who claimed to be an agent for Office of Naval Intelligence had predicted the attack several weeks in advance<sup>23</sup>;
- The ONI has been attributed by several sources with responsibility for leaking copies of the faxes which document the illegal transaction of 1989-1991.<sup>24</sup>

Figure 1 (above) shows the two looping flight paths presented. On the left, an approach mapped by Former Air Force Pilot Steve Koeppel, <sup>25</sup> on the right, the official approach presented by the National Transportation Safety Board.<sup>26</sup>

Figure 2 (below) shows the western approach hitting the ONI, while the Mall and River Entrances with the prime targets, initially in the direct path of the northern approach, are ignored.

[http://www.israelshamir.net/Contributors/Collateral\\_Damage\\_911.pdf](http://www.israelshamir.net/Contributors/Collateral_Damage_911.pdf)

Did Flight 77 “pass” on three primary targets (the White House, the Capitol, and the command centers in the north face of the Pentagon) in order to make a precision hit on what should have been known to be an empty segment of the Pentagon? Did the pilot, described as having “extraordinary skill,” after years of planning, hit a worthless target? It would seem the assumption has to be the pilot hit exactly where he wanted to hit. The planes hitting the South Tower and Pentagon maneuvered in the last moments to hit their exact target. With a world of targets available, why these?

For the majority of Americans, the unanswered questions regarding that day are legion. While many of the questions may never be answered, the extraordinary destruction experienced at specific locations in the WTC, and the peculiar targeting of the Pentagon all support a pattern of deliberate destruction of sites key to the claims of Eastman, Durham, Flocco and Schwarz. While most media reports defer to the U.S. government contention that Osama Bin Laden was behind these attacks, foreign media provided reports suggesting that the “real power” behind Al Qaeda was unknown.<sup>27</sup> As shall be seen, the financial power behind the attack is the same power that created these securities, and the same power as that which founded Al Qaeda.

## The Origins of the World Trade Center Attack

Most historians track the history of September 11th to 1998 when Osama Bin Laden declared a fatwa or jihad against the U.S., and the terrorist “Hamburg Group” lead by Mohammed Atta reportedly “offered” its services to Al Qaeda.<sup>28</sup> However, the history which defines the motives for the September 11 attacks goes much further back in time. The answers to the questions surrounding the cause of the WTC attack will be found in events going as far back as 1990 and 1991, when the George H.W. Bush was president. To a very great degree, insight into the activities of that period are cloaked by the Executive Order of George H.W. Bush’s son, President George W. Bush, who on November 1, 2001 issued Executive Order 13233. This executive order was intended to balance the public’s right to see the records of past presidents with a need to protect national security. As a result, public records which might have shed light on the activities on 1990 and 1991 remain shielded from public access in the interest of national security and the men and women who support it. Subsequently, this reconstruction of the events from the late 1980s and early 1990s is based on news reports, books and articles.

What the public record suggests is that with the beginning of the first Bush Presidency in 1989, George H.W. Bush initiated a program of covert economic warfare to bring about the collapse of the Soviet Union. The name of this program appears to be Project Hammer, a previously reported, multi-billion dollar covert operation, ‘third world investment program’ whose investments remain shielded.<sup>29</sup> This program consisted of four major covert operations including:

- 1) Theft of the Soviet treasury,
- 2) Currency destabilization of the Ruble,
- 3) Funding of the KGB Generals’ August 1991 coup against Gorbachev, and
- 4) Takeover of the key energy and defense industries in the Soviet Union.

1) Using covert and illegal funding for a policy not approved by Congress would remain acceptable. Under George H.W. Bush, Congressional oversight of covert operations could be ignored with impunity;

2) The American public and their representatives in Congress were too pre-occupied with their own lives to be worried about what happened in foreign lands, even if those actions violated the law and the constitution. Emboldened by the lack of consequences for subverting the U.S. constitution and breaking international law during the Iran-Contra scandal, the Bush administration group known as “the Vulcans” planned a bigger drive to crush the soul of Communism once and for all. This group had graced themselves with this moniker, naming themselves after the Roman god of War – Vulcan. They waged war against the Soviet Union and Iraq under George H.W. Bush, and against Iraq and Afghanistan under George W. Bush.

Belonging to this group 31 were

- Dick Cheney
- Don Rumsfeld
- Colin Powell
- Paul Wolfowitz
- Richard Armitage
- Condoleezza Rice

The Vulcan’s drive to bring an end to the Cold War was fueled by a covert war chest invisible to congressional oversight.<sup>32</sup> This war chest would be known by several names: Black Eagle Trust, the Marcos gold, Yamashita’s Gold, the Golden Lily Treasure, the Durham Trust or Project Hammer.<sup>33</sup> These same Vulcans would be brought back to power in 2000 under the administration of President George W. Bush, son of President George H. W. Bush.

The covert operations conducted by the Vulcans involved – at a minimum – potential securities fraud, money laundering and violation of Foreign Corrupt Practices act.<sup>34</sup> In a number of situations, murder and false imprisonment seemed to be the mainstay of efforts to prevent any remorseful participants in this operation from going public with their stories.<sup>35</sup> While accomplishing its objective – bringing about the demise of the Soviet Union – the program also seems to have lined the pockets of the individuals that executed this policy, at US taxpayer expense. This was done to the tune of a mere \$240 billion dollars in covert and allegedly illegal bonds, which appear to have been replaced with Treasury notes backed by U.S. taxpayers in the aftermath of September 11.” <http://911blogger.com/news/2010-09-29/us-covert-operations-and-terrorist-attacks-september-11-2001>

1. **This report finds the individuals involved in planning, executing, and covering the WTC attack to be the same as those involved in Barrick and covert oil operations in Central Asia.** The Houston office building that housed both Enron and Halliburton corporate headquarters was owned by Trizec Hahn. As earlier discussed, Trizec Hahn was a merger of **Peter Munk’s (Barrick Gold)** and the Canadian Bronfman family. **The CEO’s of both companies, Kenneth Lay and Dick Cheney, are close associates of the Bush family, whose relationship to the founder of Barrick– Adnan Khashoggi – are extensive and stretched over at least two decades.** Barrick is also directly linked to UBS and the German bank cartel, through use of its subsidiary gold refinery: Argor-Heraeus S.A. Ownership of this refinery was transferred from UBS to Commerzbank, also part of the German bank cartel in 1999. Barrick is linked closely to the banking cartel through, one of the most longstanding members of the Advisory Board – Karl Otto Pohl, former President of the German central bank (Bundesbank) and chief officer of the International Bank of Settlements and IMF. Also on the Barrick Board was former Canadian Deutsche Bank executive Tye W. Burt – the former Chairman of Deutsche Bank Canada and [Deutsche Bank Alex Brown](https://www.revengeoftheherd.com/2017/09/13/treason-who-terrorized-americans-and-the-world-on-911/) Securities Canada, and Managing Director and Head of Deutsche Bank’s Global Metals and Mining Group. Burt was involved when the Canadian Deutsche Bank backed Khashoggi in the MJK Securities fraud.” <https://revengeoftheherd.com/2017/09/13/treason-who-terrorized-americans-and-the-world-on-911/>
