*It's only wise to have at least a month's supply of food, water, cash, medicine and essential items on hand for yourself, your family and to share with others in case of emergency.*

[Hallelujah Chorus, from Messiah \(Music Video\) | The Tabernacle Choir \(youtube.com\)](#)

**Judy Note:** *In the aftermath of Hurricane Helene there was something very strange, and actually scary, going on in North Carolina. Agents for the federal disaster relief agency FEMA, didn't arrive for a week after the hurricane hit, and then not only neglected to start saving stranded victims, but confiscated donations, refused delivery of critical supplies, arrested or threatened to arrest people wanting to help and who were making rescues on their own.*

*As of this writing government authorities were still grounding Military Helicopters and wouldn't give them an ok to fly. [Byington Bombshell Report: FEMA Refusing to Save Victims. Accept Critical Supplies & Confiscating Donations for Hurricane Helene Victims | Crime All-Stars | Before It's News \(beforeitsnews.com\)](#)*

*The Mainstream Media was not reporting any of this, even though thousands have gone without food and water for over a week. Hundreds of deteriorating bodies were seen floating in rivers and caught in trees. Whole towns had been wiped out. Worse, authorities were threatening volunteers with arrest if they tried to help, or rescue their neighbors.*

- **The scene was reminiscent of 2023 Maui and 2018 Paradise California Direct Energy Weapon fires** that left bodies everywhere, even in vehicles trying to escape.
- **In all three disasters FEMA** was not there to supply aid, give help and comfort to the victims, but appeared to have a sole mission to take advantage of victims, clean up their bodies and take possession of their land.
- **In Paradise 50,000 died**, not the 100 reported by the Mainstream Media. In Maui 2,700+ structures were destroyed, 97 confirmed dead; 1,000+ still missing/ unconfirmed deceased; 4,000+ people originally dislocated, with 3,100 still displaced over a year later. The Mainstream Media hasn't reported on that either.
- **The only difference between the 2023 Maui DEW fires and last week's North Carolina Helene Hurricane disaster** was that FEMA arrived in Maui a few days BEFORE the fires started, while FEMA arrived in North Carolina a whole week AFTER Hurricane Helene landed. A little suspicious either way for what was supposed to be a federal disaster relief agency, don't you think?
- **"I live in Fairview, NC. Marines arrived here yesterday (one week too late).** And yes there are bodies everywhere along the creek banks, in collapsed houses and trees. A lineman friend did verify the naked children walking around looking for their parents off Old Fort Rd. A whole community collapsed called Craigtown up there (mudslide).  
...JaneJack on Telegram **Fri. 4 Oct. 2024**
- **Just like in Maui**, FEMA did move at some point into the disaster areas, although apparently not to supply aid, help and comfort to the victims, but with a seemingly sole mission to take advantage of victims, clean up their bodies and take possession of their land. At least that's what a North Carolina woman overheard four FEMA Directors say.
- **As in Maui and by their own admission**, FEMA had no intention to help victims of Helene. "Their soul mission was to do body recovery" a woman said who overheard four FEMA directors talking at the airport. They had just flown in on a private plane. "According to FEMA all supplies and help would have to come from volunteers – who they intended to threaten with arrest if they tried to rescue and help victims."  
<https://x.com/Pammywho/status/1842026145434177975?t=2K340MQ-2LeYCcL4rN3AjQ&s=07>
- **As in Maui there was only one way in and one way out of the affected North Carolina area** and it was blocked by FEMA personnel. In multiple places of devastated North Carolina volunteer truckers hauling in supplies were getting their tires slashed. FEMA workers were telling volunteers not to help victims, not even to help neighbors and threatening to arrest those wanting to aid with their own supplies and transportation.

- **As happened in Maui**, seven days after Helene hit First Responders and Service members were still waiting in hotels without deployment orders, while thousands were without food and water.
- **As with the Maui and California fires**, the Mainstream Media was lying about government rescue and aid efforts in North Carolina. It just wasn't happening: [Appalachia SOS Warning! US Military Ritually Sacrificing Americans In North Carolina Mountains! | Prophecy | Before It's News \(beforeitsnews.com\)](#)
- **On Friday 4 Oct. Federal Transportation Secretary Pete Buttigieg** shut down aid flights into Western North Carolina. The FAA won't allow anyone not approved by the state to fly in aid and pilots complained that they were being very uncooperative when they applied to do so. At least six licensed pilots from Virginia loaded with supplies have been turned down permission to fly in the aid.
- **Even Asheville Police** were threatening victims with arrest for trying to save their own belongings – which at this moment were likely being stolen by FEMA personnel. After all, that's what FEMA personnel are trained to do – as they did in Maui, Paradise, during Hurricane Katrina, and any other disaster where they have been called into help.
- **The Biden-Harris administration** reportedly arrested a man for flying a helicopter loaded with supplies for the victims of Hurricane Helene.
- **Elon Musk said that SpaceX engineers were trying to deliver Starlink terminals & supplies** to devastated areas in North Carolina right now and FEMA was not only failing to help, but wouldn't let others help. **On Fri. 4 Oct.** Glen Beck went to North Carolina, talked to a lone FEMA crew there and confirmed the same. On orders from above they were doing absolutely nothing to help victims.
- **This is unconscionable!** They just took this video a few hours ago, where you can see the level of devastation: roads, houses, electricity, water supply and ground Internet connections completely destroyed. FEMA wouldn't let them land to deliver critical supplies.  
<https://x.com/elonmusk/status/1842284913279586447?s=46&t=KbeHKcWo9iYbqqIySY5EJA>
- **An inhabitant of Asheville North Carolina determined that Helene was manmade.** “HAARP caused Helene to keep its eyeball hundreds of miles inland and caused the river to increase its depth by 30 feet which caused all that flooding.” She claimed it was a land grab for the lithium and quartz mining for the computer chips.
- **On August 8, 2023 at 6:37 a.m** the Deep State Cabal was believed to have partnered with the Chinese Communist Party and used NORAD 555836 Direct Energy Weapon Lasers to burn the traditional Kingdom of Hawaii Capitol of Lahaina Maui to the ground. The resulting fires were the most devastating mass casualty events in the Hawaii State history.
- **The Cabal's plan was to replace Lahaina with their own Smart City** where they had complete control over the population. You see, native Hawaiians were planning on

breaking away from the United States and becoming their own sovereign Kingdom of Hawaii Nation again – and no longer have to pay taxes to the Cabal.

- **The inhabitant of Asheville North Carolina claimed that like Maui**, “The crazy community governmental seat agreed to have Asheville be slated for a Smart City. Then she noted that Asheville residents DON’T want that. They want to live simply and enjoy nature. The trees downed in the Biltmore forests are a travesty.”
- **In North Carolina the goal appeared to be** to take over three mines and the richest supply of lithium in the World for batteries and the purest quartz in the World for the \$530 billion microchip industry. As in Maui and Paradise California after the fires, people in Asheville North Carolina were getting nonstop offers to sell their discounted now-worthless property for cash.
- **Interestingly enough the Cabal’s Blackrock just signed a \$90 million contract for Lithium** mined in the very same North Carolina area that was hit by Hurricane Helene – the very same area that was immediately cordoned off after the disaster and made inaccessible to people – the very same area that contained three mines full of the richest supply of Lithium in the World for batteries and the purest Quartz in the World for the \$530 billion microchip industry.
- **It’s hard to stomach that even after Katrina, Paradise and Maui, the Cabal got away with it again. Last September FEMA Director Deanne Criswell was arrested** by US Marines. White Hats were holding her accountable for crimes FEMA personnel committed against innocent civilians, and for the Maui fires and massacres of 2023, as well as the deaths of heroic Marines and soldiers who perished fighting FEMA brigades. [Captured! FEMA Director Deanne Criswell | Real Raw News](#)
- **In Maui every day since the 2023 devastating fires**, the Kingdom of AKUA Foundation Native Hawaiian Volunteers have provided three meals a day to the victims from private donations and out of their own pockets. Long ago FEMA, of course, had cut back their funding for Maui victims, just as they promised little or none for Helene victims – and none hereafter for any American victim of disaster.
- **The privately owned Biden/ Harris US Inc. Administration was officially broke.** It has spent all our taxpayer monies (while money laundering a good percentage back to themselves) on their Nazi Cabal friendly countries like Israel and Ukraine and on illegal immigrants so they could steal the 2024 election and keep themselves in power.
- **Like one North Carolina woman said**, “FEMA and the government simply doesn’t care if we live or die.” New Bombshell allegations from FEMA whistleblowers have confirmed why the federal government's response to Hurricane Helene has been so horrendous. They said “hundreds, if not thousands, of service members were deployed to North Carolina by the Department of Defense and have been sitting idle, waiting for FEMA to give them the go ahead.
- **All the while Americans in North Carolina, Tennessee, and Georgia** were missing and dying. The FEMA whistleblowers also said that the FEMA department has wasted

and misappropriated funds in the wake of Helene, which was exacerbating the emergency. FEMA funds that were supposed to be used for Americans surviving emergencies were instead used by NGOs to buy airline tickets for migrants.

- **America needed more heroes like Jimmy Finch, from Clarksville, Tennessee**, who drove his personal BBQ rig 2-hours to a devastated Mayfield, Kentucky with as many hamburgers, hot dogs, sausages, soy patties, eggs, bread, etc. as he could and setup right in the middle of Mayfield. Finch did what needed to be done: cook & feed those that had everything (literally) blown away. He is not asking “what political party do you favor” or “have you had your shots”. He’s just cooking for those in need. He’s not a rich man by any means. He’s not a BBQ’er by trade. The sign on his truck says “lawn care”. Lawn. Care. Not a millionaire’s job but this man’s heart must be made of gold. He’s going back tomorrow to feed more people, again. There’s detailed info if you search his name. I’m hoping a real millionaire or two (or ten) follow what just a common, but caring man has stepped up to do. ...Frank Melgoza
- **There were rumblings about a Militia** being formed to confront FEMA in North Carolina. They intend to head into the mountains for rescue operations that FEMA has refused to do and were preventing others from doing.
- **A Pastor who had been in the most devastated flooded locations of Tennessee and North Carolina verified a few things about the situation:**
  - Almost all help is being done by private citizens, mainly churches.
  - Private helicopters are flying in the vast majority of the supplies.
  - Local Sheriffs are telling people to feel free to defend their property from looters by whatever means they have.
  - WROL (Without Rule of Law) is happening in some areas, which means looting, robbing, and etc.
  - FEMA's involvement has seriously complicated the rescue efforts.
  - Local Sheriffs have threatened to arrest FEMA workers if they hinder rescue and aid work.
  - The response to this tragedy has been massive and overwhelming – all from private individuals and local Churches.
- **When, oh when was the Global Military Alliance** going to step in and declare Worldwide Martial Law so we could help each other without threats of arrest from our very own government and return to the basic Freedom Concepts of the original Constitution?
- **After all, the Deep State Cabal** was not predicting food shortages; they were *planning* them, along with more engineered disasters, dock strikes and plandemics. What's next?

**\*\*\*Calling all Patriots Hurricane Helene Donations and Help Needed:**

**In the Hurricane Helene destruction areas** private citizens are making brand new roads themselves to get people out and supplies in as the government was doing nothing and actually

preventing aid. Residents report no sign of FEMA, Red Cross or government people helping. Victims are banding together to do it themselves, and could use your help.

**Judy Note: I personally would not donate to FEMA or the Red Cross** because they are known not to use the money for the purpose it was intended. This is why it is SO important to donate to a local church or to an individual family, or small business. You will know where your help is actually going and that it's actually getting there. Make a direct impact if at all possible.

The BRICS group has firmly embraced a position against the dollar in its policies. That has led the way to increased local currency promotion that carries it ever closer toward a multipolar world. With the 2024 annual summit nearing, there could be even greater de-dollarization developments. That is especially true with the BRICS Pay system nearing an official launch. <https://x.com/bricsinfo/status/1842261098109763958?s=46&t=KbeHKcWo9iYbqIySY5EJA>

NYP <https://t.me/TheOfficialSantino> An attorney planning to slap lawsuits against Sean “Diddy” Combs on behalf of 120 alleged sex abuse victims claims a hotline he set up to deal with additional cases was inundated with a staggering 12,000 calls in roughly 24 hours. Texas-based lawyer Tony Buzbee publicized the hotline earlier this week when he revealed a fresh wave of accusers — including one who was just 9 at the time — were planning to sue the embattled music mogul for alleged sexual abuse and exploitation. Since then, the hotline has exploded with calls from people leveling similar complaints against Combs. “From the press conference we had yesterday, we’ve had 12,000 calls in about 24 hours,” Buzbee said. “So, our Herculean task is to try to sift through every one of these calls and make sure that we’re identifying those who are victims and those who are witnesses and collect evidence.”

### **I. Fri. 4 Oct. 2024: Exposed! 2024’s CHAOS Is a Carefully Crafted Elite Psy-Op—Every ‘Disaster’ You Fear Is an Engineered Attack to Keep You Controlled and Compliant!**

...Julian Assange

- **This isn’t chaos by coincidence—it’s chaos by design**, orchestrated by global elites to keep you in fear and under control. But they fear one thing: a populace that refuses to fall for their tricks, that remains calm and aware as their engineered madness unfolds.
- **Chaos Engineered for Control:** Look at 2024 Riots? Not about justice—they’re about social engineering. Cities ablaze, with the media fanning the flames.

- **The October New York Blackout** wasn't a glitch; it was a calculated test to see how quickly they could plunge millions into darkness. Chaos and dependence on their "solutions" are the real game.
- **And those wildfires in California and Nevada?** Witnesses reported energy beams, not lightning. It's about conditioning you to fear everything, even nature itself. The Texas Blackouts in August? Controlled chaos, normalizing sudden instability to convince you that we need more centralized control. Every disaster is designed to make you anxious and compliant. They want you scared so you won't resist.
- **The Patriot Stress Control System: Break Free from Their Chains:** Created by Matt Hill, the Patriot Stress Control System is more than stress management—it's about mental unbreakability. Hill adapted techniques used by military operatives to remain calm in extreme conditions. The elites fear this knowledge because a calm populace cannot be controlled.
- **Mastering Calmness: Their Worst Nightmare:** This system is military-grade mental armor. You'll learn to detect and destroy stress completely, master breath control, and stay calm during crises. This is about turning fear into your weapon, nullifying their orchestrated chaos.
- **The elites want you scared**—it's how they control you. They manufacture riots, blackouts, and crises to keep you in fear. They need you panicked. But once you master this system, you become immune to their tactics, and their power over you crumbles.
- **Take Control of Your Mind:** This is the line in the sand—master your mind or be manipulated. The Patriot Stress Control System is your way to break free from their chains, to remain unbroken while they try to force compliance. You must become the calm in their storm, someone they cannot bend.
- **The chaos is here by design**—but it's time for you to refuse to play their game. Master your mind. Be unbreakable. Let them see they cannot control you.

**J. Fri. 4 Oct. 2024: The TRUTH is that FEMA is really the REAL "Government" and the Federal Government officials we see are just puppets.**

- **Since creation in 1979 FEMA** has been operating in the shadows, involved in MASSIVE land seizures.
- **OG truth seekers will be keenly aware of the "FEMA Camps"** that were rumored to be built during the Obama Administration. Many of these facilities are repurposed Walmarts.
- **As it turns out, the puppet Government DOES** spend at least \$5 BILLION on maintaining infrastructure and facilities that are ready to house MANY Americans in a time of "crisis".
- **FEMA is really the "shadow government"** working to enslave our country and turn the US into a full blown prison camp.

- **I have EVERY reason to believe that the stories about FEMA camps** created for Gun Owners, Veterans, Patriots and Christians are ABSOLUTELY REAL.
- **These camps are being built for a “big event”** that will require “national response” from FEMA, and a perfect excuse to imprison as many Americans as possible.

**K. Fri. 4 Oct. 2024: 66 Years of Lies: Hurricane Helene Was Engineered! Military and Corporate Cloud Seeding, HAARP Experiments, and Influential Elites Planned It Weeks Before It Struck—Shocking Satellite Footage Shows Planes Flying Suspiciously Over the Storm’s Path! ...Ben Fulford**

- **The devastation of Hurricane Helene is no accident**—it’s an engineered, deliberate act of aggression aimed at the very communities fighting for truth and resisting the elite’s stranglehold on our freedoms.
- **This is not the first time weather has been used as a weapon.** The timing of this storm is far too convenient, with groundwork laid long before the public was warned. It’s time we connect the dots and expose the reality behind this so-called “natural disaster.”
- **Weather modification tests** were conducted in the weeks leading up to Helene’s landfall. Whistleblower reports reveal military and corporate entities engaged in cloud seeding and atmospheric manipulation in the Atlantic.
- **HAARP, a known weather manipulation facility,** ramped up its activity. Observers reported ionospheric anomalies just before the hurricane’s announcement. These disturbances, along with chemical dispersals, were no coincidence—satellite imagery showed aircraft dropping aerosols to “seed” the storm.
- **And remember, this isn’t the first time Hurricane Helene has wreaked havoc.** A storm of the exact same name struck the U.S. 66 years ago in 1958, causing similar destruction. Recently declassified documents show the government was experimenting with hurricane modification back in the 1950s.
- **Think about it—66 years later,** a storm with the same name and path reappears. The elites are not only demonstrating their control but reminding us that they’ve been perfecting this for decades. Helene 1958 was a prototype—Helene 2024 is the final product, honed to target, displace, and destroy.
- **In the weeks leading up to Helene,** Bill Gates was seen visiting facilities in Alaska and Norway, known for experimental weather stations. Christine Lagarde and Klaus Schwab were overheard discussing “climate alignment” and “targeting climate resilience” in the American Southeast. Don’t be fooled—they were discussing targeting these areas.
- **The timing of these elites’ sudden interest in weather research,** coinciding with a historic storm, is no accident. This is coordinated, calculated, deliberate. They are using these storms as tools of political warfare—to destabilize and demoralize the American populace, especially those refusing to bow to their technocratic vision.
- **Even the government’s response was suspicious.** Minimal aid, delayed assistance, military curfews instead of rebuilding efforts—this isn’t about helping; it’s about control.

- **Power is out. Cell towers are down. Infrastructure destroyed.** It's not just physical destruction; it's psychological warfare. They want these communities to lose hope, to turn away from their values, and to look toward the state for salvation.
- **Wake up, America.** This is a coordinated assault on our freedom, on our resistance, on our ability to stand tall against the globalist machine. Hurricane Helene is just one more weapon in their growing arsenal to subdue and silence those who will not comply.
- **We must stand together, expose the truth,** and resist this dark agenda with everything we have.

**L. Fri. 4 Oct. 2024: The Billionaires Who Manipulated the Weather to Create Superstorm Helene — Find Out Their Terrifying Motives! ...NESARA/GESARA on Telegram**

- **Superstorm Helene was no act of nature** but a calculated act of aggression orchestrated by the world's most secretive rulers. This engineered catastrophe was strategically deployed to seize valuable mineral resources and forcibly displace populations, facilitating sweeping land grabs under the chaos of disaster. These actions are part of a broader strategy to consolidate control not just economically but also geopolitically.
- **The storm, manipulated through advanced geoeengineering and HAARP technologies,** targeted specific regions essential to the technological and digital dominance of the oligarchy. By controlling these key areas, these unseen elites enhance their power over global technology and infrastructure, extending their influence into every corner of society.
- **The aftermath of Helene** saw an unprecedented wave of disaster capitalism. As the affected communities struggled, the elite swooped in to purchase devastated lands at rock-bottom prices. These newly acquired territories are now being used to build extensive surveillance systems and control centers, which are central to their plans of establishing a global surveillance state.
- **Moreover, the agendas commonly referred to as Agenda 21 and the 2030 Agenda for Sustainable Development** are in reality mechanisms designed to strip individuals of property rights under the pretense of environmental sustainability. These policies are intended to centralize authority and ownership, reducing the global population to mere tenants on their own land, fully dependent on a single, all-powerful government.
- **This calculated deployment of Helene is just a precursor to more aggressive moves toward global governance.** Through the creation of crisis after crisis, these rulers aim to justify the implementation of a One World Government. Such a regime would be authoritarian in nature, controlled by the same elites who currently manipulate global affairs from behind the scenes.
- **The control extends beyond terrestrial ambitions.** With their sights set on space, these oligarchs plan to dominate not only Earth's resources but also to assert control over space-based assets and territories, ensuring their supremacy remains unchallenged in the new frontiers.

- **The global media, tightly controlled by these same powers, perpetuates a narrative of climate change** and natural disasters to mask the reality of geoengineering and environmental manipulation. By directing public attention away from their activities, they maintain a facade of benevolence and concern for sustainability while advancing their true agenda of total control.
- **Superstorm Helene exemplifies how natural disasters are used as cover for the strategic manipulation of political and economic landscapes.** It underscores the necessity for vigilance and critical examination of global events and the motives of those who seem to benefit from these catastrophes. As these elites continue to plot their course toward global domination, recognizing their tactics is the first step in countering their plans for an authoritarian world order.

**M. Fri. 4 Oct. 2024: BOOOM!!! Full Disclosure! The Road to Gitmo – The Indictments – Military Tribunals – Gitmo: The Final Destination for the Deep State! ...John F. Kennedy Jr. on Telegram**

- **The collapse has begun! Thousands of global elites arrested,** military tribunals in Gitmo underway, and technologies they've hidden for decades are finally being exposed. Brace for impact— full disclosure is coming to shake the world. The Deep State is crumbling, and there's no turning back.
- **A storm is brewing.** Decades of lies and manipulation by the hidden elite, who've controlled governments, media, and industries, are about to be torn apart. For too long, they've operated from the shadows, pulling strings behind the scenes. But the reckoning has arrived. The truth is about to explode into the open, and once it does, everything will change.
- **Conspiracy theories once dismissed** are now becoming undeniable truths as arrests increase daily. The names of powerful figures are being exposed, and the corrupt system enslaving humanity for generations is collapsing. We are at the edge of a revolution—and it's going to be bloody.
- **Gitmo awaits the Deep State.** The global elite, who've controlled us like a mafia, are feeling the noose tighten. From D.C. to Hollywood, from Silicon Valley to European palaces, the arrests have begun. These are not ordinary criminals; these are the puppet masters who've orchestrated a global system of control. Their crimes include treason, corruption, and unspeakable horrors that will shatter the public's understanding of reality once revealed.
- **Over 71,000 federal indictments have been filed**— each one another step toward dismantling the Deep State. The military tribunals will not be lenient; this is not a political scandal but the complete exposure of a corrupt regime. Justice will be served at Gitmo, and the penalty for treason is clear.
- **A global purge is underway.** This isn't just happening in the U.S.—elites around the world are falling. No one is safe, whether they are politicians, royalty, or billionaires.

Thousands of arrests have been made, and the guilty are being dragged into the light. The lies that have kept us enslaved are finally being revealed.

- **The elites didn't just control governments and economies; they hid the future from us.** Advanced technologies that could have cured diseases, ended hunger, and made fossil fuels obsolete have been kept from us. But now, the truth is coming out. The revolution is not only political; it's technological. We will no longer be slaves to their systems. Once these technologies are released, humanity will thrive as never before.
- **The indictments signal the fall of a house of cards—a collapse of the old order.** This is the moment the elite never thought would come. The military tribunals are here, and justice is coming. This is not just a trial; it's the final reckoning for those who thought they were above the law.
- **The revolution is upon us.** The old order is disintegrating, and what comes next will be a world unlike any we've ever known. The elite are cornered, and they have nowhere left to hide. The storm is here. Full disclosure is just the beginning.

#### **N. Fri. 4 Oct. 2024 Why not seen the Military Tribunals? ...Ben Fulford on Telegram**

- **For people asking why you have not seen the Military Tribunals:** here you get a glimpse into the reason why this is being rolled out in a controlled manner. They are not trying to start any upheaval because it will reinforce the power they have worked so hard to overcome in order for us to make it this far.
- **People will not be able to handle all of that type of info at once:** Satanic Ritual Abuse, Pedophilia, Adrenochrome, child experiments, eating children. Can you imagine if people found out their most beloved figures in the world participated in this?
- **Rapid exposure to horrifying truths could overwhelm individuals,** leading to widespread anxiety, depression, and a sense of helplessness. This trauma could impact mental health on a massive scale. Especially considering billions of brainwashed people who will think the world is ending.
- **Such revelations could deepen existing divides within society,** fostering distrust among communities. People may struggle to reconcile their beliefs about their favorite celebrities with the new information, leading to polarization. Which will play into their hatred of those they consider extremists.
- **A sudden upheaval of societal norms might provoke violent reactions** from those who feel betrayed or threatened. This could lead to unrest, protests, or even riots, further destabilizing communities. Something the military do not have the resources to control while also trying to stop riots and the destruction of property.
- **If the public becomes fearful, it could be easier for certain groups to manipulate that fear** to maintain control or push specific agendas, sustaining the status quo rather than dismantling it. Which will bring all of this back to square one.
- **Conversely, constant exposure to sensationalized news about these topics could lead to desensitization.** People may become numb to the information, losing the capacity for

empathy and urgency needed to address real issues. And this will no longer have the affect we fought so long for. And people will crash out.

**O. Fri. 4 Oct. 2024 EXPOSED! Hurricane Helene Was Engineered to Target Pro-Trump Counties – The Truth They Don't Want You to Know! ...David Wilcock on Telegram**

- **Hurricane Helene** was no random act of nature; this was a deliberate act, an engineered disaster aimed squarely at pro-Trump strongholds. The timing, intensity, and targeting were meticulously planned to disrupt the resistance against the elites during this critical election period.
- **Look at the facts.** This storm obliterated areas that are vocal, patriotic, and committed to freedom-loving American values. Hundreds of pro-Trump counties were devastated, infrastructure annihilated, and communities cut off from the outside world. Asheville, Boone, Swannanoa, Unicoi—completely destroyed. Coincidence? The elites don't believe in coincidences; they believe in power and manipulation.
- **This storm was strategically unleashed** just before the most important election in recent history to crush the resistance, displace families, and sow chaos. Power outages, collapsed communication systems—how convenient for them! Critical infrastructure reduced to rubble, with entire neighborhoods swept away, lives uprooted, just as the World Economic Forum predicted a billion people would be displaced by “climate change.” It's not climate change; it's climate warfare.
- **Weather modification isn't new;** it's been hidden from us for decades. Project Cirrus, back in 1947, was only the beginning. HAARP, geoengineering, cloud seeding—these technologies have evolved to the point where hurricanes can be directed like missiles.
- **The chaos surrounding the Waterville Dam should send chills down your spine.** Reported failures led to mass evacuations, but suddenly, it was “never mind, the dam's fine.” Really? This relic was allowed to crumble because they want chaos. They want you scared, displaced, running for your life while they tighten the noose around your freedoms.
- **The media pushes the narrative of a simple miscommunication,** but the evacuation was orchestrated to instill fear. The flooding alone should raise alarms. The Pigeon River swelled, sweeping towns away—not due to lack of investment but intentional neglect. While our infrastructure rots, they spend billions overseas.
- **What's the real motive?** These are not random communities being devastated; these are strongholds of Trump supporters and freedom fighters. What better way to weaken a movement than by annihilating its heart?
- **The storms brewing in the Atlantic at the same time?** Not a coincidence. They're showing us they can unleash chaos whenever they want. The destruction is not just physical; it's psychological warfare. How much can they push before people break? They've weaponized our environment against us.

- **It's time to stop being afraid.** Weather manipulation is real, and the motive is clear: control over any form of resistance. Hurricane Helene isn't just a storm—it's an act of war against those who oppose the globalist agenda.
- **This isn't climate change;** this is targeted destruction, a calculated plan to dismantle opposition and create instability. The devastation of pro-Trump counties is just the beginning. This is a warning, and the battle has just begun. Stay vigilant!

- **The nation is in a state of shock as whispers** from behind closed doors suggest a gripping political drama unfolding in the heart of Washington D.C. An emergency meeting between powerful figures has set the capital ablaze with rumors that could change the course of the country. With Vice President Kamala Harris sidelined, names like Michigan Governor Gretchen Whitmer are floated as potential replacements. What could be so seismic as to shake the very fabric of the White House?
- **The source of panic? Doug Kass,** a well-connected DNC insider, leaked sensitive information igniting a frenzy. Is this merely a scripted act designed to manipulate public opinion, or is there a real struggle for control at play? The lines blur between reality and fiction in a 24/7 news cycle filled with conspiracy theories.
- **At the heart of this political storm is the Devolution Plan,** a series of alleged secret military orders signed by Trump to regain control of mainstream media and root out "the deep state." Imagine every headline and piece of information fed to the public orchestrated as part of a much larger plan.
- **This is not just a power play;** it aims to expose corruption and illegal activities. The chaos must reach a boiling point, leading to drastic measures—potentially canceling elections and sparking a nationwide revolt.
- **Rumors of military intervention are surfacing,** suggesting a mass arrest of corrupt officials to return power to the "rightful leaders." This isn't just a coup; it's a necessary action to stabilize a country spiraling out of control.
- **The narrative doesn't end there.** Trump is expected to face a staged house arrest, followed by a failed assassination attempt, designed to portray him as the unshakeable leader poised to save the nation. This scripted drama aims to sway public opinion and solidify Trump's image as the hero of this saga.

- **As America braces for the storm**, it's crucial to remain informed and vigilant. The panic in Washington D.C. signals a monumental shift that could rewrite the very fabric of American history. Stay alert; the future of our nation depends on it!

#### Q. Fri. 4 Oct. The Chevron Doctrine

<https://x.com/Proletario1/status/1842339872926831038?t=BhJm0zEqkDjk9niyiiNGdg&s=35>

- **The Chevron Doctrine, established in Chevron U.S.A., Inc. v. Natural Resources Defense Council, Inc. (1984)**, required courts to defer to an administrative agency's interpretation of a statute it administers if the statute is ambiguous, provided the agency's interpretation is reasonable. This deference allowed agencies considerable leeway in interpreting laws, impacting various regulations including those related to environmental, labor, and emergency management issues.
- **Chevron: The Supreme Court's decision to overturn the Chevron Doctrine** means that courts will no longer automatically defer to an agency's interpretation of a law it administers if there's ambiguity. Instead, courts will independently interpret these ambiguities, potentially leading to significant changes in how agencies like FEMA operate.
- **FEMA's actions, especially in disaster response**, are primarily guided by the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act). This act gives FEMA broad but defined powers in disaster situations, which do not directly rely on the Chevron deference for their legal foundation. However, how FEMA interprets and applies the Stafford Act could now be more frequently challenged in court without the previous deference.
- **This is where we are people.** Remember when the Chevron Doctrine was overturned it put agencies like FEMA into legal questioning which can now be challenged by the state.

Just as a film about Ballard's work, "Sound of Freedom," was released, Tim suddenly became embroiled in a number of law suits. *"22 Faces" explains how childhood torture separates a young developing brain's thinking patterns into multiple personalities that then allowed perpetrators to control their victims throughout their lives.*

*Through these Satanist's negative comments and one star reviews of "22 Faces" on Amazon, the pedophiles were effective in plunging book ratings to four.*
