Immediately after Hurricane Helene hit North Carolina FEMA showed up in Chimney Rock and told residents at gunpoint that they had to leave their properties. Since roads were destroyed the residents left by walking through a snake infested river. A man who refused to go was shot by FEMA soldiers, while bullet ridden bodies were later seen floating down the river.

Why Chimney Rock? One month before Hurricane Helene the Cabal's Blackrock acquired 2.2 million shares of stock in Kings Mountain Lithium Mine Albemarle Global. Kamala made sure the US government also gave the mine \$250 million in grant money to open the mine known for it's precious metals needed to make computer chips. A major stockholder in the mine was Doug Emhoff, Kamala Harris' husband. Evidently Emhoff set himself and wife up to make a huge profit off of Hurricane Helene.

Victims in North Carolina were more convinced than ever that Hurricane Helene was manmade and a product of the Biden/Harris US Inc. government land grab of rare mineral mines in the area.

- **On 8 May 2003 US Patent US 2003/0085296 was granted:** The patent verifies that Hurricanes, Tornadoes and heavy rain can be formed and directed toward certain areas of the country through Cloud Seeding and Sound Wave applications. Residents of North Carolina maintain that during Hurricane Helene planes were observed Cloud Seeding over the area. Scientists have admitted injecting Silver Iodide into the Hurricane Wall. Substantial evidence shows the route that aircraft took to manipulate the path of Hurricane Helene. What many want to know is the name of the head person who gives the orders to manipulate the weather.
- **NC and Georgia state senators and representatives were notified** that their states were attacked by the federal government using weather warfare with indisputable evidence. They were IN TOTAL SHOCK!!! Climate change hoax was used to cover it up. Col. MacGregor interview with Dane W.:
<https://www.youtube.com/watch?v=9OqZUZADO5E>
- **FEMA Agenda: FEMA was a federal agency** which was weaponized during the 2nd term of Obama – who turned it into an international terrorist operation with the New World Order Agenda 2030 of depopulating the planet. FEMA's Ultimate Goal—Control, Chaos, and Population Reduction
- **Right now FEMA Director Deanne Criswell** was at GITMO charged for crimes committed in 2023 Maui DEW Attack fires where victims were gunned down by FEMA Agents. Plus, it was found that traditionally FEMA set up covert Human Trafficking bases in disaster zones, using the confusion and desperation of hurricane victims to cover their tracks.
- **Most concerning was that the chaos and confusion of disasters created the ideal conditions for Child Traffickers to operate** – as happened in Maui. People reported seeing unmarked vans in the disaster areas, taking children away in the dead of night.

These are reports coming from the very ground FEMA claimed to be helping. Children were disappearing, and FEMA was doing nothing.

- **Why? Because it's complicity.** FEMA was part of the Cabal machinery that allowed these crimes to happen. They're not just failing to stop it; they're enabling it. They've built underground prisons where trafficked victims are held before being shipped off to their buyers.
- **FEMA was a fully operational arm of the Deep State,** responsible for orchestrating large-scale human trafficking operations under the guise of "disaster response." In the chaos following Hurricane Helene, hundreds of victims disappeared without a trace. FEMA was systematically rounding up people, particularly women and children, and shipping them off to undisclosed locations.
- **During the Hurricane Helene disaster FEMA deployed** 3,500 armed personnel to storm-ravaged North Carolina, particularly Asheville, population 94,000. They booked every hotel room in a 150-mile radius so there was no place for displaced victims to go.
- **FEMA's massive convoys and flights** carried no relief supplies and no medicine, only crates of automatic rifles, steel canisters packed with limitless ammunition to wage a bloody war against storm-torn refugees and their property, and a healthy supply of body bags, ostensibly to eternally house their victims.
- **FEMA didn't actually arrive for a week** after Hurricane Helene hit in North Carolina, and then not only neglected to begin saving the thousands of stranded victims left without food or water for a week, but confiscated donations, refused delivery of critical supplies, arrested or threatened to arrest people wanting to help and who were making rescues on their own.
- **A Helene victim told a FEMA Agent** she'd lost her home, car, belongings and had neither food nor water and asked where she could go for help. The agent allegedly told her, "Too bad you lost it all. We could've made a deal if you had something to trade."
- **FEMA has not allowed both Military Helicopters and private planes to fly** into North Carolina Disaster Areas with supplies and to rescue victims, plus they have sabotaged Disaster Relief such as enforcing a Federal Blockade on Elon Musk's Starlink Aid shipments to North Carolina.
- **Now FEMA has ceased all relief operations** and is seizing supplies and donations from citizens trying to assist Hurricane Helene victims across various states, causing growing alarm and unrest.
- **Why? Let's take a look at the North Carolina Kings Mountain Lithium Mine Property Grab: On September 27,** the majority of Chimney Rock, Rutherford County North Carolina was destroyed by flooding, with the Broad River inundating the village. Two days later, as residents struggled to save what they could, the Biden-Harris regime seized Chimney Rock under the auspices of eminent domain, an archaic, unconstitutional law that allows the federal government to wantonly and irrevocably confiscate private

property for public use. Residents of Chimney Rock suddenly found themselves confronting two opponents—the weather and federal forces.

- **On September 30**, FEMA surged upon the tiny 2.8-square-mile village and gave citizens a chilling ultimatum: Get out or else.
- **Why Chimney Rock? One month before Hurricane Helene** the Cabal's Blackrock acquired 2.2 million shares of stock in Kings Mountain Lithium Mine Albemarle Global. The US government also gave the mine \$250 million in grant money to open the mine. A major stockholder in the mine was Doug Emhoff, Kamala Harris' husband. **Emhoff** set himself and wife up to make a huge profit off of Hurricane Helene.
- **On 24 Sept. 2024** Kamala was successful in getting her husband permits for the Albemarle Lithium Mine to start mining immediately. Emhoff's retirement accounts were also deeply tied to major Cabal funds like BlackRock and Vanguard. BlackRock owned the Lithium in Chimney Rock/Lake Lure, NC.
- **Three days before Hurricane Helene** an permit to immediately start mining the Albemarle Global Mine was obtained by Kamala Harris. The mine was expected to make \$250 billion.
- **Immediately after Hurricane Helene FEMA** showed up in Chimney Rock and told residents at gunpoint that they had to leave their properties. Since roads were destroyed the people had to leave by walking through a snake infested river.
- **At least one man** who refused to leave was seen shot by a FEMA soldier. Bullet ridden bodies were seen floating down the river. FEMA took over all body recovery and a hospital where some bodies were taken. Other bodies were bulldozed and covered up by FEMA.
- **Local residents who opposed the mine** had now had their homes and property destroyed, the government has taken over their land and they have been told they can't even return to obtain personal items.
- **The storm had razed the village.** Its population—a whopping 140 people—had lost everything, including cell service and any means of leaving Chimney Rock, as the floods had inundated what few roads led in and out. When residents refused to go on foot, FEMA agents pointed rifles at them, demanding they trek out in whatever footwear they were wearing or be shot.
- **One resident who braved the journey**, wading through waist-deep water filled with venomous snakes and biting insects, witnessed FEMA agents gun down a neighbor who refused to vacate his flooded house. The same resident, a 36-year-old lithium miner, said, "There are bodies everywhere; I saw dozens floating in the water, bullet holes in all of them. I'm lucky to have made it out."
- **"Chimney Rock has been told that their entire town is federal property now.** There are dead bodies that are lying in the water. There are dead bodies that are lying under trees and in debris, and they can't get to their family members. They can't even go back to their home."

- **The federal government has said that that land and all of those bodies are now federal property.** Evidently the federal government didn't want to identify any of the bodies. They planned to bulldoze over it and not even count how many people were dead because of this so-called "natural disaster," if you call it that. There was a pastor that was going door to door handing out water, and the request changed from water to body bags. They need body bags, and the feds aren't picking up the bodies. They're literally leaving them to rot." <https://x.com/wallstreetapes> <https://t.me/FreedomForceBattalion>
- **FEMA's gunmen** have already been accused of murdering people in Florida and Puerto Rico as they tried to evacuate from hurricanes. **A year ago in Aug. 2023** FEMA gunned down victims during the DEW attack fires of Maui. The White Hat Military Alliance had an out-and-out shootout with FEMA employees during that disaster.
- **In North Carolina a heartbroken patriot has lost all faith in his government** after being displaced from his home by the recent hurricane. The US Inc. had allocated over \$16 billion to support Ukraine and Israel, leaving its own citizens feeling neglected and abandoned. Illegal immigrants (who were being set up to illegally vote Democrat in the next election) were getting free food, cell phones, housing and \$3,500 debit cards out of taxpayer monies sent to FEMA. Such depleted the FEMA budget to 0 so nothing was left for disaster victims.
- **Meanwhile, the Biden/Harris US Inc. government's meager \$750.00** handout to victims of Hurricane Helene was set up so that if victims don't pay back the \$750 to FEMA within a year, they would lose their homes and properties. It's a land grab by FEMA and the Biden/Harris Administration.
- **The scenarios were reminiscent of (manmade?) August 2005 Hurricane Katrina** that caused over 1,392 fatalities (the real number is not known), and the August 2023 Maui and 2018 Paradise California Direct Energy Weapon fires that left bodies everywhere, even in vehicles trying to escape. In all four disasters FEMA didn't appear to be there to supply aid and give help and comfort to the victims, but seemed to have a sole mission to take advantage of victims, clean up their bodies and dispose of them so a real count of the dead couldn't be made, steal from their ravaged properties and later, take possession of their land.
- **In Paradise 50,000 died, not the 100 reported by the Mainstream Media.** In Maui 2,700+ structures were destroyed, 97 confirmed dead; 1,000+ still missing/ unconfirmed deceased; 4,000+ people originally dislocated, with 3,100 still displaced over a year later. The complicit-to-goals of the Cabal Mainstream Media hasn't reported on any of that.
- **The only difference between the 2023 Maui DEW fires and last week's North Carolina Helene Hurricane disaster** was that FEMA arrived in Maui a few days BEFORE the fires started, while FEMA arrived in North Carolina a whole week AFTER Hurricane Helene landed. A little suspicious either way for what was supposed to be a federal disaster relief agency, don't you think?

- **White Hats to the Rescue: Walmart has been taken over by the White Hats** and sent 60 trucks of supplies to North Carolina under police protection.
- **The Military Alliance, activated across all 50 states**, is preparing to strike at the very heart of FEMA's corrupt operations. The White Hats have mobilized 5,000 troops in a strategic, coordinated strike aimed at dismantling the elites' decades-long domination of humanity.
- **As of Thursday**, White Hats were in North Carolina and had engaged federal forces. Col. Kurtz, the enigmatic leader of the Red Hats (a voluntary Citizen's Militia), who said his men had arrived in Chimney Rock and were fighting a pitched battle against FEMA and FBI agents trying to lay claim to the area's vast lithium deposits. Kurtz told Gen. Smith he had lost 12 men the night previous, as Red Hats fought to stop marauding FEMA agents from fortifying their position. He said his men "took out" two helicopters that tried to insert more FEMA agents near the now-flooded Great Woodland Adventure Trail.
- **Thursday evening**, US Marines arrived by choppers and ground vehicles in Asheville and Chimney Rock, where, as their helos hovered above clouds of green smoke—the internationally recognized symbol for a safe landing zone—Red Hats had just hosed down a throng of FEMA agents.
- **At the same time**, US Special Forces out of Camp Liberty ambushed FEMA personnel who had blockaded Asheville Regional Airport, destroying 15 FEMA vehicles and killing 23 agents equipped with everything from side arms to rifles to squad automatic weapons. Four valiant Special Forces died to gunfire, our source said.
- **Meanwhile, in Chimney Rock**, White Hats and Red Hats fought side-by-side, skirmishing with FEMA/FBI that desperately tried holding the Esmeralda Inn & Restaurant, a three-story bed & breakfast where agents on the upper floor shot from the windows at White Hats and Red Hats. Many good men, whose intrepidity shook FEMA's resolve, lost their lives, but the White Hat/Red Hat coalition prevailed, destabilizing FEMA's hold on the area.
- **White Hats and Red Hats have sent reinforcements, and so has the federal government.** Our source said both White Hats and Red Hats will remain in North Carolina until every corrupt federal agent has been driven out—or killed. The battle rages on.
- **Rumblings of Militias being formed in various places**, one of them NC. A woman who spent the last 8.5 years in the Army who grew up in the Black Mountains [there as a volunteer to help with logistics and communications] said in a conversation that she saw a group of men armed to the teeth with AR'S AND AK'S moving through the mountain towns to protect the food collection sites from looters AND to confront FEMA if need be. She said they were serious guys and not playin around.
- **FEMA Helicopters are presently blocking the Greenville South Carolina Airport.** Private citizens were flying aid to victims and FEMA came and BLOCKED THE

RUNWAY to stop them “We're at the airport today. Yesterday, they ran, like, 30 something planes — And FEMA has flown in, like, 10 or more helicopters and blocked a runway here at Greenville downtown, completely took over or almost took over the operation. FEMA's gonna come here and try to stop it. And they took over one of the hangars over here too. We'll show you as much as we can. It's absolutely ridiculous – all flown in by FEMA helicopter pilots. And they're just sitting there doing nothing. FEMA came in and halted all that operation when there's 1,000 of pounds of supplies over there that could be taken, they're just sitting there doing nothing and blocking the runway with however many helicopters.”

- **The Chevron Deference Act has been overturned by the Supreme Court.** This means that the federal contract agency for disasters FEMA that has been interfering with Helene relief efforts has no authority whatsoever to do so. There is NO ONE more powerful than a County Sheriff in his or her respective County. Not the illegal FBI, not the US Government, not a governor and not the state police of that state where that county resides.
- **A FEMA Director who was acting arrogant** and denying aid to North Carolina Flood Victims was beaten by residents 20 miles south of Asheville.
- **On Sun. 6 Oct. 2024 North Carolina State Police** warned FEMA that they will arrest any FEMA Agent trying to prevent aid or rescue.
- **Now Patriots were fighting back.** Sheriff Tripp Kester of Davidson County NC was calling for local citizens to form militias to protect the Constitution. “It’s getting real, y’all. Like I’ve been saying: We approach shit a bit different down here. They picked the wrong state to bully.”
- **The Northern Militia** was set up on the back side of a North Carolina mountain with sniper teams. They have already taken out some of the Biden/Harris Administration US Inc. FEMA people. The Texas Militia was on their way.
- **FEMA government authorities** were still grounding both Military Helicopters and private planes and wouldn’t give them an ok to fly into North Carolina Disaster Areas with supplies and to rescue victims.
- **So the North Carolina Northern Militia** set themselves up on the back side of the mountain with sniper teams. They took out some FEMA people. The Texas Militia was on their way for backup.
- **Sheriff Tripp Kester of Davidson County NC** called for local citizens to form militias to protect the Constitution. “It’s getting real, y’all. Like I’ve been saying: We approach shit a bit different down here. [They] picked the wrong state to bully.”
- **Governors across the country have been warned**—those who align with the cabal are going to be removed. Every corrupt official, every Deep State puppet, every bureaucrat involved, every FEMA agent involved, every official who helped cover it up, every Deep State operative who facilitated the abductions is about to face a reckoning, and it won’t

be in a courtroom controlled by crooked judges and rigged legal systems. They're all going to face military tribunals.

- **The White Hats have all the evidence.** They've tracked every stolen dollar, every meeting, and every covert operation FEMA has conducted in the wake of Hurricane Helene. The White Hats have uncovered blueprints for FEMA's underground trafficking routes—designed to funnel kidnapped victims to hidden facilities both within and outside of the United States. These plans were discovered in the chaos after Hurricane Helene, along with documentation revealing FEMA's theft of millions of dollars in aid. The White Hats are launching a series of coordinated raids on FEMA's secret facilities—underground bunkers, hidden warehouses, and disaster relief camps that have been used as fronts for human trafficking. They know where these bases are, they know who's involved, and they're preparing to strike.
- **The White Hats have also uncovered FEMA's grander plan**—one that goes beyond human trafficking and theft. FEMA is a key player in the deep state's agenda of population control. Disasters like Hurricane Helene aren't just seen as opportunities for profit—they are chances to enact a much darker strategy. FEMA has been testing methods of population reduction, using the chaos of hurricanes, wildfires, and other disasters to experiment on those deemed “expendable.”
- **FEMA's secret files detail a contingency plan, codenamed “Operation Cull,”** was designed to reduce the population under the guise of “relief efforts.” Helene's victims were just the beginning—this plan spans the entire country, and its targets are not just disaster victims, but dissenters, truth-tellers, and anyone who threatens the deep state's hold on power.
- **Now mandatory evacuations** have been ordered in multiple Gulf Coast counties in Florida, including Hillsborough in the greater Tampa area. A Category 5 HAARP manmade Hurricane Milton was due to devastate the Florida coast on **Tues 8 Oct.** It will be interesting to see what the White Hats and FEMA do with that one.

A. Possible Timing:

Mon. 7 Oct. 2024: BQQQQQQM! It's Over: Blackout Confirmed, Phase 1 Now Active—Cyber Attack Released! ...The 17th Letter (JFK Jr.) on Telegram

- **The Blackout is Real: Phase 1 Activated.** We're no longer talking about hypothetical scenarios or temporary inconveniences. The first phase of a coordinated plan has commenced, targeting our digital and financial infrastructure. This isn't just about losing internet access or experiencing a power outage; it's a calculated strike designed to dismantle economies and instigate widespread chaos. Imagine waking up to find your bank accounts frozen, your digital wealth erased, and your communication lines severed. This isn't a dystopian novel; it's our harsh new reality.
- **The financial systems we rely on are hanging by a thread.** The blackout is not a passing storm but the opening salvo in a larger strategy aimed at causing irreparable damage. This cyber onslaught, driven by forces that thrive on disruption, is not just a possibility-it's an inevitability. It will leave us in the dark, both literally and metaphorically, as the very foundations of our society are shaken to the core.
- **The Gathering Storm has been brewing for some time now.** Warnings have echoed from every corner, but the masses have been sleepwalking into the abyss. The clock is ticking, and the countdown to catastrophe has begun. What's coming is a global reset-an unprecedented financial and societal upheaval. This isn't just a drill; it's an all-out assault on the systems we once took for granted.
- **A Modern-Day Black Tuesday looms on the horizon.** The specter of a stock market crash, much like the infamous Black Tuesday of 1929, casts a long shadow over our current financial landscape. History's chilling images of people jumping from windows in desperation during the Great Depression are no longer just historical anecdotes; they're a potential reality. The question isn't if the market will collapse, but when-and when it does, it will be swift and devastating.
- **The alarms have been ringing for years:** "Get your money out of the banks." Yet complacency has led us to the edge of this precipice. Now, with the blackout in full swing, the warnings have turned into grim prophecies. The last 48 hours have been a

whirlwind of panic, with whispers of impending doom-“suicide week,” some are calling it-echoing through the halls of power. The parallels to October 29, 1929, are stark and terrifying.

- **The financial collapse won't be a gradual decline;** it will be a sudden, all-consuming inferno. Banks will freeze assets, markets will crash, and the global economy will descend into chaos. For those unprepared, it will be too late to act once the doors are locked and the ATMs are emptied. The time to prepare is now.
- **The Big Spitball has been thrown, and there's no turning back.** This isn't just a warning shot; it's the beginning of the end. Those who have ignored the signs and clung to the illusion of digital wealth will find themselves trapped in a system designed to fail them. The blackout is more than a loss of power-it's a strategic move to reset the global order.
- **The Global Reset is coming.** What was once dismissed as conspiracy theory is now unfolding in real-time. This reset isn't about fixing the broken system; it's about tearing it down and building a new one from scratch. A black swan event-a catastrophic, game-changing occurrence-will trigger this reset, likely in the form of a massive cyber attack. Digital wealth will be erased, and only tangible assets like cash, gold, and silver will hold value in the new financial order.
- **The Phoenix will rise from the ashes of this collapse,** but only a select few will survive. This isn't about fairness or justice; it's about survival of the fittest. Those who have prepared, who understood the need for liquidity and physical wealth, will emerge from the chaos. The future belongs to those who foresaw the collapse and acted accordingly.

In the last three years alone, 15 US banks collapsed renewing fears of financial instability across the country. The BRICS bloc has pushed de-dollarization efforts especially since it expanded

E. Mon 7 Oct. 2024 BREAKING NEWS: Thousands of Bank of America Customers Locked Out of Accounts Amid Widespread Outages ...Mr. Pool Secrets

- **Thousands of Bank of America customers are facing widespread outages**, locked out of their accounts and seeing their balances showing as zero. Panic is setting in as debts remain visible while their funds vanish. Trust is shattered—what's really going on?
- **Thousands of customers are waking up to a nightmare.** They're unable to access their accounts, and those who can get in are seeing a terrifying sight—their balances have dropped to zero. Meanwhile, their debts remain, staring back at them ominously. Bank of America is scrambling to fix what they're calling a "glitch," but the real question is: what's happening behind the scenes?
- **Outage Chaos:** Thousands are cut off from their finances, left refreshing login screens and trying desperately to regain access. This isn't a minor inconvenience—it's a full-scale collapse. Imagine attempting to buy groceries or pay your bills and finding out all your money is gone. The extent of this outage raises serious questions about the reliability of Bank of America.
- **Balances Wiped to Zero:** For those lucky enough to log in, the sight of zero balances is enough to cause sheer panic. Their life savings vanished, and yet their debts remain fully visible. The bizarre inconsistency of wiped-out assets with remaining debts suggests a deeper technical failure. Customers are left wondering if this is really a glitch or something much worse.
- **Bank's Weak Response:** Bank of America's official response—a simple acknowledgment of a "glitch"—feels like a slap in the face. People's life savings are seemingly gone, and the bank's vague statements only add to the growing fury. There's no clear timeline for resolution, and the lack of transparency is making customers lose faith.
- **A Crisis of Trust:** This is more than a technical error; it's a crisis of trust. Bank of America markets itself as a reliable institution, but this outage has shattered that image. In a world where digital banking is the norm, customers need to know their money is safe. This incident shows just how vulnerable we are when the systems fail.
- **The Human Toll:** Let's not forget the people affected by this crisis. These aren't just "outages"; this is about families unable to pay rent, buy food, or cover medical expenses. The stress and fear this incident has caused are very real. Imagine having no access to your own money and receiving no solid answers from the bank.
- **What Happens Next?** Customers are stuck in a waiting game. When will the systems be restored? Will their money come back? These are the questions everyone is asking, and the bank's reassurances are doing little to calm the fear. This situation is a wake-up call

for both the bank and its customers—demanding accountability and a robust digital infrastructure to protect our finances.

- **Final Thoughts:** Bank of America needs to step up, take full accountability, and make sure this doesn't happen again. Right now, thousands are left in financial limbo, demanding answers and access to their money. The fallout is far from over, and Bank of America must act to restore trust and ensure their customers' financial security.

H. Mon. 7 Oct. 2024 White Hat Intel: Shocking Stories The Media Buried Today #10 - Glenn Beck exposes how useless FEMA is in Asheville, NC.

- **First, Glenn Beck discovered that the FEMA crew was stationed OFF the main road,** making them hard to find. Next, FEMA admitted, "We got here yesterday," a full week late. Then, a FEMA crew member told Beck that they have a "great" app, but nobody has internet in the area.
- **Beck asked how victims are supposed to find FEMA's location,** and they replied, "That would be the news media's job." The thing is, nobody has functioning TVs. Then FEMA urged residents to listen to the radio in their cars for updates, the same cars that were washed away from the flood.
- **One crew member told Beck,** "We actually go door to door." Beck then asked, "When will that start?" The crew member replied, "That's way above my head. Do you want to talk to my crew lead?" Finally, the crew leader comes in and admits to Beck, "We don't necessarily go door to door."
- **THIS is what failure looks like.**
- **Earlier today, Elon Musk said,** "FEMA is not merely failing to adequately help people in trouble, but is actively blocking citizens who try to help!"
- **Musk posted this after a SpaceX engineer helping on the ground in North Carolina wrote to him,** "The big issue is FEMA is actively blocking shipments and seizing goods

and services locally and locking them away to state they are their own. It's very real and scary how much they have taken control to stop people helping."

K. Mon. 7 Oct. 2024: BOOOM! Fairbanks Exposes the Dark Underbelly of Utah: Child Sacrifice and Corruption at the Highest Levels! ...Carolyn Bessette-Kennedy on Telegram

- **The revelations coming from Cache Valley, Utah,** are shocking! Delta Forces have uncovered a web of child sacrifice and Satanic rituals linked to powerful figures, including judges and sheriffs. While the mainstream media remains silent, the truth is too explosive to ignore!
- **Tom Fairbanks, an unwavering whistleblower, has been on the front lines, risking everything to expose these heinous crimes.** His undercover work with Intelligence Support Activity (ISA) has led to the arrests of over 140 Satanic perpetrators involved in ritualistic child abuse.
- **On May 30, 2023, during a Sting Operation on a Satanic holiday,** Delta Forces saved a baby from being sacrificed, apprehending 48 members of a Satanic Coven in the process, including a district judge and a county sheriff! This operation reveals a system so corrupt, it protects its own—because the Sheriff was released almost immediately after his arrest.
- **What does this say about the corruption in Utah's legal system?** Fairbanks had previously sought investigations into these crimes, only to face death threats instead of support from the authorities. The U.S. Attorney General for Utah, John Huber, has been implicated in covering up these atrocities, refusing to investigate allegations against his colleagues.
- **Adding to the conspiracy, Fairbanks uncovered potential ties between Huber's family and the nefarious Adrenochrome trade,** indicating a deeper connection to the Satanic elite. Just days after exposing this connection, Fairbanks found himself hospitalized under mysterious circumstances, which he believes was an attempt on his life.
- **The military remains our only hope in this battle against evil!** Fairbanks is now under military protection, but with threats still looming, the fight is far from over. The NSA's involvement in surveilling Fairbanks reveals the extensive reach of this corruption.
- **As the Cromar couple continues to hide from the very system meant to protect them, we must ask ourselves:** How deep does this corruption run? With the truth coming to light, are we finally on the verge of exposing the Satanic rituals and child trafficking that have infiltrated our highest institutions? Stay vigilant, patriots. The storm is brewing, and the time for action is NOW!
- **P. Diddy sex trafficking ring** allegedly involves the hotel, banking, pharmaceutical industries. In a recent press conference detailing a myriad of criminal charges against Sean Combs (P. Diddy), Houston Attorney Tony Buzbee also revealed that the sex trafficking ring goes beyond the music industry and Hollywood and also implicates the hotel, banking and pharmaceutical industries. Buzbee warned that various corporate

entities are implicated in the sex trafficking ring, and many high-level defendants are under investigation. He noted that some of these complicit entities are paid off large sums of cash to keep quiet, and others participate by covering up evidence for the sex trafficking ring. <https://www.newstarget.com/2024-10-06-p-diddy-trafficking-ring-involved-hotel-industry-banking-executives-big-pharma.html>

M. Mon. 7 Oct. 2024 ...The 17th Letter (JFK Jr.) on Telegram

- **A catastrophic Geomagnetic Storm** was set to hit Earth on Sat. 5 Oct, although the affects that may trigger potential earthquakes, widespread blackouts, satellite communication breakdowns and serious damage to our global power infrastructure may not be felt for a couple of weeks. I was rumored that the Storm was another product of the Cabal's weather manipulation. They were trying to create chaos in line with their 2030 Agenda to take complete control over the population.
- **In line with their agenda, the Cabal** has been busy trying to create World War III in the Middle East. Israeli Airstrikes have triggered a Middle East Crisis, as Russia commanded 1.5 million to flee Israel right now.
- **The Deep State Cabal's international Child Sex Trafficking ring** has also been very busy. Rumor was that one of the main reasons the Port workers went on strike (that has now ended) was that they had been hearing children yelling for help inside containers they were unloading. Having reported it to superiors, they were frustrated at having no response. It was assumed that the White Hats took care of the situation and in the process, ended the strike on Thurs. 3 Oct.
- **As part of the White Hat Agenda** to take down the Cabal they will be destroying 34 Satanic sites around the World. The White House (that has been covering up underground tunnels of a massive Child Sex Trafficking Ring) was one of the first on their agenda to be blown up.
- **The worst goings on (as if there could be any worst)** was taking place with victims of Hurricane Helene. A source in North Carolina revealed that, despite 1,000 troops being fully prepared for deployment, they remained sidelined because FEMA Region 4 and Governor Roy Cooper have yet to issue the critical mission orders, delaying a potentially urgent response.
- **Law enforcement in Asheville, North Carolina** was warning business owners that they could be arrested for attempting to recover items from their damaged establishments.
- **A tearful woman from Western North Carolina** described the horrifying scene of babies' bodies floating down the river, while mainstream media ignores it. With deep emotion, she urges the nation to see this as a wake-up call and warns people not to trust the news, which she believes is concealing the real death toll.
- **Volunteer rescuers** have been threatened with arrest if they tried to help victims. FEMA and the Red Cross have shown up at high schools and confiscated donated funds.
- **To top it off another Tropical Storm named Leslie, has formed in the Atlantic** and is currently about 500 miles southwest of the Cabo Verde Islands. Leslie is forecast to strengthen into a hurricane in the coming days. Like the man made Helene Hurricane, Leslie's path was said set for the same areas as Helene landed on.

N. Mon. 7 Oct. 2024 BREAKING: Trump and Musk Announce ‘Go Time’ for MARS and STARLINK: The Ultimate Weapon in America’s Arsenal for Military Domination! BOOOM! ...Julian Assange

- **BREAKING: Trump and Musk Unleash MARS!** Dive into a New Era of Military Communications with Starlink’s Advanced Satellite Technology. This is not just a project; it’s a revolutionary force in America’s defense arsenal. Act Now – The Future of Warfare is Here!
- **Military Revolution** is Brewing as Trump Declares Elon Musk Will Propel America into a New World Order through MARS – The Military Auxiliary Radio System.
- **America is charging headfirst into a new age of military dominance** with Donald Trump and Elon Musk at the helm. When Trump says, “Elon will soon take us to MARS,” he means business. The Military Auxiliary Radio System is not just a fantasy; it’s a powerhouse that will transform military communications and secure our nation’s future.
- **This isn’t just a corporate meeting;** it’s an alliance forged in the fire of strategy. Trump and Musk are aligning forces to establish a bulletproof communication strategy crucial for maintaining America’s dominance. MARS is here, now. It’s not about space; it’s about military superiority.
- **The Military Auxiliary Radio System** is embedded in the very fabric of the U.S. Department of Defense. It’s a safeguard against threats – a civilian force ready to ensure that American military messages never get silenced. Imagine cyberattacks, EMPs, and enemy disruptions; MARS stands ready to secure our communication lines.
- **MARS isn’t just a backup; it’s a full-force military program.** In times of national emergency, we need an unstoppable network. That’s where Musk’s genius comes in. Starlink is the game-changer, ensuring real-time communication that is resistant to disruption and operates at lightning speed.
- **With thousands of satellites,** American forces will have unbroken, encrypted communication wherever they are – on land, sea, or in the skies. This is about total domination, and Trump and Musk are ready to claim it.
- **The Space Force and MARS are the unstoppable duo for America’s future.** This is more than an alliance; it’s a commitment to military supremacy. The Command Has Been Given: “Go Time” for MARS and Starlink. The pieces are moving into place, ensuring America is armed and connected like never before.
- **MARS is not just defense;** it’s an offensive move, securing our dominance in an ever-dangerous world. America is awake, aware, and armed with the most advanced communication system the world has ever seen.
- **Conclusion:** The March Toward Unmatched Military Power. Trump and Musk are not just taking us to Mars; they are taking America to the top, ensuring military superiority that no one else on this planet – or any other – can match.

O. Mon. 7 Oct. 2024 EBS: Worldwide Martial Law Initiated—White Hats Target FEMA for Human Trafficking and Theft After Stealing Funds and Supplies from Hurricane Helene Victims! ...NESARA/GESARA on Telegram

- **The EBS (Emergency Broadcast System)** is here to signal the beginning of Worldwide Martial Law. No more hiding. The White Hats have mobilized 5,000 troops in a coordinated strike aimed at dismantling decades of elite domination. This is a full-scale purge of the deep state, and at the heart of it is FEMA, now exposed for its role in human trafficking and the theft of aid meant for Hurricane Helene victims.
- **This is the final phase of the White Hats' plan** to crush the deep state. FEMA has been caught red-handed—stealing funds, confiscating supplies, and worse, using the chaos of Hurricane Helene to engage in human trafficking under the guise of disaster relief.
- **The Military Alliance** is ready to strike at the heart of FEMA's corrupt operations. FEMA, the so-called agency for disaster relief, is nothing more than a cover for some of the darkest activities of the deep state. Governors have been warned—those who align with the deep state will be removed. Every corrupt official involved in FEMA's atrocities will face swift justice, far from the reach of rigged courts.
- **The White Hats** have gathered irrefutable evidence—tracking every stolen dollar and every secret meeting behind FEMA's operation. FEMA didn't just mishandle Hurricane Helene's disaster relief; they deliberately stole the funds and aid that were meant to save lives.
- **But it gets worse.** FEMA's involvement in human trafficking runs deeper than anyone could imagine. The chaos following Helene gave FEMA the perfect cover to abduct women and children, disappearing them without a trace. Hundreds of victims vanished, and FEMA's hands are all over it.
- **This isn't an accident.** It's the deep state's playbook—chaos and suffering as tools of control. The White Hats know everything, and they are launching raids on FEMA's secret facilities—underground bunkers, hidden warehouses, disaster camps used to traffic human beings.
- **Every FEMA agent** involved in this grotesque scheme, every official who helped cover it up, will be brought to justice. The Military Alliance is dismantling FEMA's human trafficking network, and this time, there's no escaping the consequences.
- **FEMA's ultimate goal** has always been population control through chaos. Disasters like Hurricane Helene are just opportunities for FEMA to test their sinister agenda. The White Hats have uncovered FEMA's plans for population reduction, codenamed Operation Cull—targeting not just disaster victims but anyone who threatens the deep state's power.
- **The EBS will sound**, and when it does, FEMA's entire operation will be exposed. The stolen funds, the missing people, the trafficking—it will all come to light. FEMA's camps will become prisons for those who once ran them.

- **Justice is here.** The White Hats are leading the charge, and FEMA's reign of terror is coming to an end.

P. Mon. 7 Oct. 2024: Unveiling the Unbelievable: JFK and JFK Jr's Astonishing Survival and Disappearance ...Gitmo TV on Telegram

- **In the pages of history,** few names carry the weight of John F. Kennedy, the 35th President of the United States. But what if I told you both JFK and his son, John F. Kennedy Jr., survived their alleged assassination attempts? This is a tale wrapped in secrecy, a story that defies everything you've been taught. And we're about to blow the lid off what might be one of the biggest cover-ups ever.
- **The Mysterious Body Double:** Mr. Tippit. On November 22, 1963, shots rang out in Dallas. JFK was thought to be assassinated, but what if he wasn't even in the car? Some claim that a body double, Mr. Tippit, was actually the one who died that day. Sound insane? That's what they want you to think.
- **JFK Jr.'s Ingenious Escape Plan.** Fast forward to 1999. JFK Jr. – the golden child of the Kennedy legacy – reportedly died in a plane crash. Or did he? Rumors suggest he knew his plane was sabotaged, so he engineered an escape plan. How? By installing a remote control system on the plane. When the crash happened, he wasn't even on board. That's right. No one was. He had outsmarted his enemies and vanished into the shadows.
- **The Elusive Kennedys in Hiding.** How could such monumental figures disappear without a trace? It's simple: they had no choice. JFK, JFK Jr., and others went into hiding because staying in the public eye would've meant certain death. With enemies lurking and the stakes higher than ever, they had to vanish.
- **RFK Jr.'s Shocking Revelation.** Robert F. Kennedy Jr. confirmed what we've all suspected. JFK Jr. is alive. This revelation has shocked the world. If RFK Jr. is right, the Kennedy family has been living in secret for decades, dodging assassination attempts and steering clear of the public eye.
- **The Enigma of JFK's Longevity.** As if that wasn't enough, rumors suggest that JFK lived until 2021. If true, why did he stay hidden for so long? And why come forward now? The answers will rock everything you thought you knew.
- **As these explosive truths come to light,** one thing becomes clear: the Kennedy saga isn't over. It's a tangled web of mystery, survival, and powerful secrets. The legend of the Kennedys is alive, and it casts a long shadow over American history.
- **Are you ready for the truth?** Because it's coming, and nothing can stop it.

R. Native Hawaiian DEW Victims of Maui Hawaii

- **The Deep State Cabal wanted to make the Native Hawaiian Capitol of Lahaina into a SMART city, so on August 8, 2023 at 6:37 a.m** Chinese Communist Party NORAD 555836 Direct Energy Weapon Lasers burned Lahaina Maui to the ground.

- **The resulting fires were the most devastating mass casualty events in the Hawaii State history:** 2,700+ Structures destroyed; 97 confirmed dead; 1,000+ still missing/unconfirmed deceased; 4,000+ people originally dislocated, 3,100 still displaced over a year later.
- **Every day since the Kingdom of AKUA Foundation Native Hawaiian Volunteers** have been supplying three meals a day and support to their now 3,100 still-displaced fellow victims. The Deep State Cabal Red Cross has cut funding for those victims.
- **Donations were still needed,** but the AKUA Foundation Website has been compromised and cannot accept monies until things are straightened out.

S. Tim Ballard has worked undercover in the US and multiple foreign countries to infiltrate child trafficking organizations. In this effort, he has successfully dismantled dozens of these organizations and rescued countless children from sex slavery. Today in Sept 2024 Tim continues to dismantle child trafficking rings and save children in South America. With his own organization embedded in governments all over the world, he is literally saving the World's Children. Just as a film about Ballard's work, "Sound of Freedom," was released, Tim suddenly became embroiled in a number of law suits. Powerful entities within the government appeared to be working to discredit and take him down, perhaps to silence his anti-trafficking work. Tim is a true hero and his wife and nine children continually support and pray for him. If you would like to support Ballard's unjust persecution, contribute here: Ballard Family Defense Fund on [GiveSendGo Here](#);

T. "Ken and Barbie vs. Goliath IRS": Ken Cromar presently sits in jail having been found guilty of living in his own fully owned home and after proving in a Federal Tax Court that he owed no monies to the IRS. Despite the ruling in Cromar's favor, the IRS sold his home at auction and threw away all his possessions including expensive camera equipment he used to make a living. He was arrested almost a year ago and has been sitting in jail without the ability to file an appeal because he won't be sentenced until next Feb. 2025.

U. All Tom Fairbanks did was to spend much of his life gathering evidence on the Ritual Abuse of children in Utah. In early March 2024 he was arrested and placed in the Utah Weber County Jail. For what? The real reason for attacks on Tom appeared to be that the Powers That Be couldn't afford to have someone with Tom's very valid evidence of SRA cases to be running around unchecked. Fairbanks' problems began when he decided to take his evidence of Satanic Ritual Abuse of children to share with Utah governmental powers. No sooner had he

done so when a tsunami of problems began to plague his life including being poisoned and suffering years of court battles on made up cases.

- **If you wish to help Tom with funds** so he can have phone access, go to jailATM.com and register. A box will show up where can put in Tom Fairbank's name (Weber County Jail ID # 671274) Then hit "send money now" and follow the instructions. Tom would greatly appreciate your show of support. V. Judy Note: *Jenny Hill and I spent 20 years writing her biography, "22 Faces" to expose our own CIA's horrendous Mind Control Programming based in torture, rape and child sacrifice that was so rampant in our Global Society. <http://www.youtube.com/watch?v=F626Lsrdwg4>*

"22 Faces" explains how childhood torture separates a young developing brain's thinking patterns into multiple personalities that then allowed perpetrators to control their victims throughout their lives.

When the first edition of "22 Faces" was released the biography was immediately brutally attacked by the very pedophiles who, in their worship of Satan, regularly raped, tortured and killed children in exchange for their own sick definition of power and glory.

Through these Satanist's negative comments and one star reviews of "22 Faces" on Amazon, the pedophiles were effective in plunging book ratings to four.

"22 Faces" was soon to be re-published and it wouldn't be a surprise to find those same perpetrators organizing another attack on the book – all designed to cover up their own crimes and make people believe that the Satanic Ritual Abuse of children does not exist among us – in our own neighborhoods – right next door.

Upon the soon to be re-publication of "22 Faces," it would be most appreciated if you could go into Amazon and give the biography a review and rating, plus ask your friends and family to do likewise.

The more we can expose those Satan worshipping perpetrators who perform Satanic Ritual Abuse on our children, the more innocents can be saved from what Jenny and so many others had to endure.

If you would like notification of the "22 Faces" re-publication release, please email me at:
