**Welcome To Red October**

**The Fall of The Elite**

**Expect Lots of Chaos In The Next Three Weeks**

**The Dawn Of A New World Follows**

*It's only wise to have at least a month's supply of food, water, cash, medicine and essential items on hand for yourself, your family and to share with others in case of emergency.*

[Love One Another \(2012\) | The Tabernacle Choir \(youtube.com\)](#)

**Judy Note: Red October is coming in hot and heavy.** *The apparent manmade Hurricane Helene was the first indication as it appeared just a few days after the UN declared their “Pact for the Future.”*

**In their Pact for the Future Globalists** *unleashed digital IDs, handed unchecked power to the World Health Organization, and crafted a blueprint for total control through digital gold-backed Bitcoin and Token currency that only they had control over.*

**The Cabal appeared to have well planned the devastation of Hurricane Helene in Red States.** *Reports from Whistleblowers said that in the weeks prior to Hurricane Helene's landfall the privately owned US Inc.'s HAARP facility ramped up it's High Frequency Activity; their Military conducted Weather Modification tests in cloud seeding and atmospheric manipulation experiments in the Atlantic Ocean and days before the Storm hit in North Carolina unmarked*

*Military convoys moved into position, while planes were seen suspiciously flying over the Storm's path as it happened.*

***Right now another twin-like storm was brewing that appeared destined to go on the same path as Hurricane Helene. Worse, Antifa-type groups were ready for the upheaval and were shutting off Truckers trying to get supplies to their destination in the Red States.***

***Do you really think it's a coincidence that Hurricane Helene hit shore just before the International Longshormen's Strike commenced at ports across the East, West, Gulf Coasts, along with a "sister strike" in Canada? The strike which began Tues. 1 Oct. shuts down 36 US ports which handle roughly half of the goods shipped in and out of the US. This strike could lead to significant disruptions in the international supply chain, potentially causing delays and price increases for a wide range of goods including food items.***

***The strike fit in with the Cabal's agenda for a Worldwide food supply shortage – a secure way to control the World population. They were also using Chemtrails to contaminate food production worldwide – though that surprisingly was not the most decrepit scenario they were carrying out.***

***Since at least 2015 the FBI, USDA and FDA have known that the Illuminati-Owned McDonalds International and other fast food outlets such as Burger King and Dominos have been using child human remains in their meat.***

***And, since at least 2022 the FBI, USDA and FDA have known that that the Fluoride added to municipal water sources causes neurological damage in children. Plus those same federal agencies appear to support Cabal Companies that were taking down the small farmer, while poisoning our food supply with chemical-laced manmade food.***

***To add to the Cabal's planned chaos agenda and according to a Tier 2 technician at Verizon, on Mon. 30 Sept. there was a deliberate and unauthorized shutdown of the U.S. electrical grid that specifically targeted cell towers, starting locally and expanding nationwide. Verizon has experienced the most significant impact, with other carriers also affected due to their reliance on Verizon's infrastructure. The systematic nature of this shutdown indicates it was likely executed with ill intent rather than being a simple system malfunction.***

***And just what is the Biden-Harris Admin doing about all this. Well, they approved a \$567,000,000 military package for Taiwan. In the past seven days they have sent military aid packages to Ukraine for \$8,000,000,000; to Israel for \$8,700,000,000 and to Taiwan for \$563,000,000 for a total of \$17,263,000,000. At the same time just how much have they allocated for Hurricane Helene victims? I heard a million or so. Trump just donated \$25 million of his own money to Hurricane Helene victims.***

*Biden was blaming Hurricane Helene on Climate Change, but in reality our Cabal run US Inc. Government was deliberately unleashing weaponized devastation on their own innocent people to serve their agenda of fear, control and global domination – and the Red October problems were only just beginning.*

- **Mon. 30 Sept. 2024 Hurricane Helene:** This storm is unprecedented. News for the radio stations that we are getting is mostly coming from ham operators. It's apocalyptic. Sinkholes opening up, power lines and trees down everywhere, roads are impassable in places, you have to find goat trails to get around in some cases. Transformers and power lines down on major roads, mudslides, whole towns are gone. Holes opening up everywhere. Hospitals are closed, 911 service is spotty. Hot Springs, Marshall and Chimney Rock all wiped off the face of the earth. Not flooded. GONE. The lake lure dam burst so anyone that didn't evacuate is dead. We just got cell phone service but communication is spotty. Rivers are creating 10-15 feet above record flooding levels. Trees still falling. Emergency crews are overwhelmed just trying to save lives or find people trapped in mudslides. I did see some military vehicles today and some out of town utility workers. I think they're sending people. People are beginning to panic and act crazy. Black Mountain, North Carolina, is getting some gas, food, and needed supplies. The federal and state governments said they were unreachable, so the people took into their own hands to deliver through a single passable roadway. American patriots are the life blood of our nation. They're talking about Martial Law (according to my pastor who works for DOT). Please pray for us that we can recover and don't get hit with another storm. It's a 1000 year storm. Whatever you hear on the news it's far far worse.

...The 17<sup>th</sup> Letter (JFK Jr.) on Telegram

- **THE CABAL ONLY HAS PAPER NOW.**

- **Trump is awaiting confirmation** from Reno that the USTN is active.
- **We must remain vigilant** because bad actors will try to destroy us. They have controlled the financial system for hundreds of years, and now they are losing everything. Like any mafia, they are becoming very dangerous.
- **We must stay vigilant and seek strength within ourselves.** We need our God.

The only certainty is that God will win! Don't worry! Stay out of trouble, and if needed, get on your knees. God is in control!
- **Q. SAT. 24 AUG. 2024, OCTOBER AND THE FALL OF THE ELITE: New encryption technology, deployed in August 2024**, ensures secure communication across military networks. Military units are tirelessly preparing, setting up not only the technical infrastructure but also crafting the explosive content that will expose the elites' crimes.
- **These broadcasts contain sensitive**, top-security-clearance material—videos so damning they have been locked away in the highest echelons of power. Once aired, the truth will be undeniable, and the global populace will witness the elites' systematic manipulation and control unravel.
- **The final phase of satellite testing is nearing completion.** Recently launched satellites under the guise of commercial projects have been fitted with technology far beyond civilian knowledge. This will bypass conventional internet censorship, delivering the EBS message directly to every digital screen, uncontested.
- **Mobile broadcasting units**, disguised as military transports, are positioned globally to ensure coverage even in isolated regions. No one will escape the revelation.
- **The sheer scale of this operation is unprecedented.** Military shipments are rapidly being deployed to global ports, encrypted communications suggesting coordination akin

to wartime logistics. But this war is different—it's not between nations; it's between the people and the shadow forces that have held them in bondage.

- **In the shadows, the masterminds behind this global effort remain unknown** to all but the innermost circles. Their identities are protected, but their mission is clear: dismantle the global elite power structure and usher in a new era for humanity.
- **As the activation date draws closer**, key operatives are being relocated to undisclosed locations, securing the operation against potential retaliation. These individuals are the last line of defense in ensuring the EBS activation proceeds without fail.
- **October marks the fall of the global elite.** What follows will be the dawn of a new world, one where the shadows not long.

### C. EBS: THE MOMENT WE'VE BEEN WAITING FOR

- **U.S. Military Alert:** All military forces worldwide are preparing to suspend all media, internet, phone, and TV services. Emergency services will stay active, but everything else is about to go dark.
- **During this time, no internet, no ATMs, and phones? Only working for 911 calls.** This is the global martial law we've been talking about, and it comes with a 10-day communication blackout. But here's the kicker: the Emergency Broadcast System will be activated worldwide. Nonstop, 24/7, 8-hour documentaries exposing the darkest
- **The military is taking down Cabal-controlled governments worldwide**, executing mass arrests based on 500,000 sealed indictments. This is the moment we've been fighting for.
- **After the 10 days of darkness**, we will reconnect to a new quantum internet. The old systems of government, education, finance, health, and commerce? Gone. A new age is coming.

### E. Mon. 30 Sept. 2024: Imminent GESARA Mass Wealth Redistribution Unleashed: NESARA's Rainbow Currency Being Printed and Secretly Tested, EBS Set to Activate, as Global Banks Collapse and CEOs Resign Worldwide! ...Gitmo TV on Telegram

- **September 29, 2024—The Revolution Has Begun!** We are living through the final chapter of the old world. The global elites are in a state of panic, scrambling to keep control as the most monumental wealth transfer in history is being prepared under NESARA and GESARA. The signs are exploding into view, visible to anyone who dares to see beyond the lies of the controlled media.

- **The Prosperity Funds—Activation Imminent:** The Prosperity Funds—the secret weapon in GESARA’s arsenal—are locked and loaded, ready for imminent distribution. Reports from insiders suggest that by mid-October, we could see the first round of direct wealth transfers, wiping out personal debts, and distributing the wealth that has been stolen from the people for generations. The old systems of debt slavery are being torn down, and this redistribution will be unlike anything the world has ever seen.
- **Banks have already begun quiet debt forgiveness,** erasing loans and credit card debts without fanfare. They’re trying to avoid the inevitable backlash when the truth comes out—that they’ve been exploiting humanity with fake money, fake loans, and fraudulent interest rates. The world is waking up to GESARA wealth redistribution, and there’s no stopping it now.
- **Banks Are Collapsing, and It’s All Part of the Plan:** The recent collapses of Silicon Valley Bank, Credit Suisse, and others? These aren’t just failures of management; they are deliberate takedowns to weaken the cabal’s control. The Quantum Financial System (QFS) is operational, directly challenging the old fiat infrastructure. Even JPMorgan Chase is under pressure, with rumors of a quiet run on the banks. They can’t win—every transaction is traced by the QFS, and the corrupt elites have nowhere to hide.
- **The Rainbow Currency—It’s Happening Behind the Scenes!:** The Rainbow Currency, backed by gold, silver, and platinum, is already in circulation in select areas. Eyewitness accounts in Montana and West Virginia confirm that these bills are colorful, holographic, and impossible to counterfeit. The fiat currency system, controlled by the Federal Reserve, is gasping its last breath, while the Rainbow Currency is rising from its ashes.
- **The EBS Is Ready to Be Activated:** The EBS is prepped and ready. Insiders confirm military communication channels are being cleared in anticipation of the global broadcast. Expect mass internet outages, power grid disruptions, and a complete communication blackout—this is the 10 Days of Darkness. The Emergency Broadcast System will deliver the truth bombs the world needs to hear.
- **Mass Resignations—The Elite Rats Are Abandoning Ship!:** In the corporate world, the dominos are falling fast. Just in the past two months, we’ve seen unprecedented resignations of high-profile CEOs: Disney, Amazon, oil giants—all jumping ship. These CEOs are being forced out as the NESARA purge continues. Insiders report that sealed indictments are finally being unsealed, and many leaders are receiving “resignation or arrest” ultimatums.
- **The Quantum Financial System—No More Secrets:** The Quantum Financial System is the backbone of this revolution. Every movement of money is being tracked and traced. This isn’t just about eliminating corruption—it’s about ensuring never again can the wealth of the people be siphoned away in the dark.
- **The Mass Awakening—The Revolution Is Already Here:** NESARA and GESARA are happening now. The old world is collapsing, and a new world of freedom, abundance,

and peace is being born. The elites are in disarray, their power structures dismantled piece by piece. The greatest wealth transfer in history is imminent, and the elite can do nothing to stop it.

- **The world is changing**, the lies are falling apart, and the truth is setting us free. Prepare yourselves—the world as you know it is ending, and something much greater is taking its place.

#### **F. Mon. 30 Sept. 2024: THE HSBC QUANTUM SCAM ...NESARA/GESARA on Telegram**

- **Wake up! HSBC is now testing something** far more sinister than they want you to believe. They claim they've successfully applied "quantum technology" to buy and sell tokenized physical gold. But here's the truth: this isn't about gold—it's about CONTROL. They're using this so-called "quantum security" to safeguard their power when the real storm hits!
- **September 19th, HSBC and their shady partner, Quantinuum (a UK-US joint operation, mind you)**, announced they're preparing for the future of quantum computing. But why? To shield themselves from the coming collapse while the rest of us are left defenseless. The same algorithms they're flaunting—designed to secure their assets—are going to be used to control your digital assets when everything goes quantum. They're tokenizing gold, turning it into ERC-20 tokens, making it fungible. But who will own the gold in the end? Not you. Not us. Just them!
- **This is the same HSBC that started offering tokenized gold to retail investors in Hong Kong earlier this year.** They're setting up for a global takeover of all physical assets, starting with gold. And let's not forget, the National Institute of Standards and Technology (NIST), the very same body pushing this "quantum cryptography standard," is in bed with global elites. They're ensuring the game is rigged in their favor when quantum computing changes everything.
- **Are you going to sit by while HSBC and the elites use quantum technology to lock you out of the new system?** The clock is ticking, and they're making their moves. The time to act is NOW before they control every piece of gold, every asset, and every piece of YOUR digital future. Prepare yourselves. This is bigger than they're letting on. The real storm is here, and it's quantum.

#### **G. Global Financial Crisis:**

##### **Mon. 30 Sept. 2024 SITREP: East Coast Port Strikes**

- **The port strike, involves dockworkers from the International Longshoremen's Association (ILA)**, is set to commence at midnight TONIGHT, affecting ports across the East and Gulf coasts of the United States.

- **Scale and Impact:** Approximately 45,000 dockworkers are expected to go on strike. This could potentially shut down 36 ports which handle roughly half of the goods shipped into and out of the U.S.
- **This strike could lead to significant disruptions in the supply chain**, potentially causing delays and price increases for a wide range of goods from automotive parts, electronics, to food items like fruits, coffee, and even holiday goods.
- **Economic Impact:** Some sources suggest losses could reach up to \$4.5 billion daily if the strike continues.
- **Why are they Striking?:** The ILA is demanding a substantial wage increase, reported to be around 77% over six years, and stricter controls or bans on automation in port operations. This automation, which includes cranes and container-moving technologies, is at the heart of the dispute, with workers fearing job losses.
- **Preparation:** Many businesses have shifting shipments to West Coast ports or preparing for extended supply chain disruptions. I encourage everyone to stock up on essentials. Today... don't panic.. but just get what you need.
- **What is Biden/Harris Doing? Nothing...** absolutely nothing. President Biden has the ability to use emergency powers under the Taft-Hartley Act, which would allow him to order the workers back to work.

- **Mon. 30 Sept. 2024 Chemicals linked to breast cancer leach into our foods from the plastics that come in contact with them.** “There is strong evidence that 76 known or potential breast carcinogens from food contact materials recently purchased all over the world can be found in people,” said study coauthor Jane Muncke, managing director and chief scientific officer at the Food Packaging Forum, a nonprofit foundation based in Zurich, Switzerland, that focuses on science communication and research. “Getting rid of these known or suspected carcinogens in our food supply is a huge opportunity for cancer prevention,” Muncke said. Of the recently detected chemicals in food packaging, 40 are already classified as hazardous by regulatory agencies around the world, according to the study. “So many of these chemicals have already been classified as human health hazards, yet they are still allowed to be used in food contact materials, thus allowing

them to migrate into the food we eat,” said Jenny Kay, a research scientist at Silent Spring Institute, a scientific research organization focused on the link between chemicals, women’s health and breast cancer. She was not involved in the study.

#### **N. Mon. 30 Sept. 2024: Global Government Is Here: UN’s ‘Pact for the Future’ Ushers in Digital ID, WHO Control, and a Blueprint for Tyranny ...Gitmo TV on Telegram**

- **The United Nations has just quietly validated every so-called “conspiracy theory” by rolling out the Pact for the Future.** Under the cover of darkness, with zero coverage from mainstream media, the globalists have unleashed digital IDs, handed unchecked power to the World Health Organization, and crafted a blueprint for total control.
- **September 13, 2024—mark it down.** This is the day global governance was established, with the Pact for the Future. They’ve turned conspiracy theory into reality.
- **Remember the Global Citizen Digital ID conspiracy?** It’s here. Remember the WHO pandemic treaty surrendering all sovereignty in a “health emergency”? It’s all part of the plan, and it’s just getting started.
- **Here’s a glimpse at their blueprint for tyranny:** Sustainable Development and Financing; International Peace and Security; Science, Technology, Innovation, and Digital Cooperation; Youth and Future Generations; Transforming Global Governance
- **The Pact for the Future** is a desperate, last-ditch attempt by cowardly world leaders to sew up the cracks of their collapsing system of control. These so-called “leaders” dream of a future utopia by 2045—all the while pushing us toward a technocratic nightmare.
- **Enter the Global Digital Compact:** their fantasy of corralling the digital Wild West with shiny digital IDs and vaccine passports. They talk about inclusion and privacy, but read between the lines—it’s Big Brother 2.0, dressed up in techno-utopian nonsense. It’s not about keeping us safe; it’s about power.
- **And let’s not forget the New Social Contract,** a global framework designed to erase national constitutions and replace them with standardized tyranny. Justice, social protections, healthcare? Hollow words from those who want nothing more than to control.
- **Meanwhile, they create chaos:** fake scarcity, engineered wars, and collapsing economies—crises brought to us by the very same so-called “leaders” who offer the

solutions. It's Hegelian Dialectic on full display: create the problem, watch the chaos, and swoop in with the "solution" that consolidates their power.

- **The Geezer Media still sings praises to the globalist agenda**, as the NPC-Normies remain hypnotized by their screens. Every conspiracy theory of the last 25 years has been proven true, yet the masses still act like they've known all along. Fluoridated water? Perhaps that explains why the rubes embrace today what they rejected as madness yesterday.
- **But as the peons slouch toward their fate**, at least us in the wilderness can rest knowing we were right all along. Alex Jones was right, and now the truth is undeniable, even if the world refuses to admit it.
- **The Pact for the Future** was passed in the cravenest manner—by not voting. A rusted-out filing cabinet, a pile of broken office furnishings—if no one objects, then it must be law. That's how the UN works.
- **Why 2050?** Because by then, all of us who warned about this will be gone, and no one will be left to complain.

**P. Mon. 30 Sept. 2024: Breaking News! Not Reported! Trump Exonerated for January 6!**

...Steve Bannon on Telegram

- **Transcripts Show President Trump's Directives to Pentagon Leadership to "Keep January 6 Safe"** Were Deliberately Ignored – September, 2024
- **Days before January 6, 2021, President Trump met with senior Pentagon leaders, urging them to do their jobs** and protect lives and property. The transcripts show that Trump specifically directed Pentagon officials to ensure the safety of the Capitol, even calling for the use of the National Guard. But those directives were ignored, leading to chaos instead of order.

- **This revelation exposes the lies in the DoD's report**, which had attempted to shift blame elsewhere. In truth, Pentagon leadership prioritized "optics" over protecting lives. Chairman of the Joint Chiefs, Mark Milley, recalls Trump saying, "Make sure that you have sufficient National Guard or Soldiers to make sure it's a safe event." However, Acting Secretary of Defense Chris Miller falsely assured him, "We've got it covered."
- **On January 5, Secretary of the Army Ryan McCarthy placed unprecedented restrictions on the D.C. National Guard**, effectively shackling them from acting without his explicit approval. The Guard was ready to go, but was deliberately held back – while the Capitol fell into chaos.
- **When rioters breached the outer perimeter at 12:53pm, it took five long hours before the Guard was deployed.** Why? "Optics" concerns were prioritized over protecting the Capitol, as shown by Lt. Gen. Walter Piatt's remarks.
- **Chairman Barry Loudermilk demands answers**, and rightly so: "It is very concerning that these Senior Pentagon officials ignored President Trump's guidance AND misled Congressional Leaders to believe they were doing their job, when they were not. The DoD IG's report is fundamentally flawed. We will continue to dig until we are satisfied that the American people know the truth."
- **Why were our heroes sitting on buses**, waiting for hours, watching the Capitol fall, unable to help? Where was Secretary McCarthy, and why did it take two full hours after verbal approval was given to actually communicate it to the D.C. National Guard?
- **These transcripts are a clear testament** to the betrayal of those at the top, who chose to let chaos reign over protecting our nation. As our beloved Capitol was overrun, the Guard was left waiting – for no reason other than a calculated decision to hold them back.
- **We will not let this go unnoticed.** We demand full accountability, and we will keep pushing for the truth until it is heard loud and clear.

#### **R. Mon. 30 Sept. 2024 Red Oct. 1 Starting Gun** Julian Assange on Telegram

- **Are we ready for what is about to commence? October 1st**, we are about 24 hrs away from the starting gun. The course of history will change our lives forever. Everything is not going to be roses for everyone starting off, but it will even itself out, and the corrections will be noticed where it was needed for decades.
- **Banking systems have long been accused of benefiting the wealthy** at the expense of average citizens, contributing to economic inequality. High fees, limited access to credit for the underserved, and a lack of transparency have been major concerns. A shift towards decentralized financial systems will allow individuals more direct control over their finances, cutting out intermediaries like banks. Reforms will focus on ensuring underserved communities have access to banking services, credit, and investment opportunities traditionally out of reach.
- **We will be going through changes on every level of society.** Nothing will go untouched. Many do not know that D. Trump has already chosen his cabinet. Whoever is left will just be add-ons as we move forward—he is not going to start his new administration in the traditional manner. The transition has already started.
- **Tomorrow, LIBOR is slated to be replaced by SOFR, marking a significant change in financial benchmarks. America will potentially start the new fiscal year under a gold-backed US Note**, phasing out the current fiat USD over time. Because we are going back to a real value-based economy. And Basel 3 will be the standard way to accomplish this for all financial institutions.
- **Banks are now required to maintain higher capital reserves**, meaning they must hold more secure assets relative to their liabilities. This leads to a stronger, more stable banking system, reducing the chances of another financial collapse. For the real estate industry, this means more responsible lending practices. Developers, homebuyers, and investors can be more confident that their loans are being issued by stable financial institutions with better safeguards.
- **Which is why I constantly tell you all to only do business with Basel 3 banks.** I never said all banks are evil or that we should avoid them and start bartering. I've always stated Basel 3 is the way to go. So if a bank goes under, it's more than likely because they weren't compliant with the new Basel protocol.
- **We are entering a new phase of our lives.** This point in history marks the official start of the long-awaited changes we desperately needed. We are at the doorstep, ready to step into this future with confidence that everything will work out to our benefit in both the short and long term. These changes will be welcomed by everyone who has long sought a new way of doing things.

- **So understand this: we will never be the same after this.** Nothing will. We deserve to live in a world where we are not solely focused on survival—a low vibrational way of living that feeds the very system we want to escape. We've been corrupted by this system, putting profits above fairness, equality, and even God and humanity. All of this will begin its realignment back to God just hours from now.
- **Hope you all are ready. Things will speed up,** and we should have a very big October.

**V. "Ken and Barbie vs. Goliath IRS":** Ken Cromar presently sits in jail having been found guilty of living in his own fully owned home and after proving in a Federal Tax Court that he owed no monies to the IRS. Despite the ruling in Cromar's favor, the IRS sold his home at auction and threw away all his possessions including expensive camera equipment he used to make a living. He was arrested almost a year ago and has been sitting in jail without the ability to file an appeal because he won't be sentenced until next **Feb. 2025**.

**Friday, September 27, 2024**

**Dear Faithful Patriot Friends and Family,**

**This is exciting!** Fasten your seatbelts. Two amazing miracles appear to have started cooking; one in the Utah Court and the other in Federal Court in Salt Lake City.

**First, last week we told you that we prevailed in the Utah State Court** when Judge Christine Johnson finally, after three years, lifted the "vexatious litigant" order that had blocked our ability to file critical documents to defend ourselves, which led to our conviction in June 2022. All was due to a fraud committed on her unsuspecting court by unindicted co-conspirators.

**So yesterday, we were able to file a powerful "defendant motion to set aside verdict", spearheaded by Raland Brunson.** We told the court of NEW evidence that proves the house they said we "burglarized" was actually still in our name at the time. Just like we said. An American Fork Police Department Officer actually testified of that at the federal trial. If Judge Johnson grants our motion that could mean all charges being dropped, and Barbara's warrant disappear, and the 364-day sentence I just served being bogus! That would vindicate and exonerate us completely. This is what we've been praying for, and that the fraud on the court that led to our conviction be overturned.

**Secondly, on Tuesday we learned of a brand new supreme court decision on a foreign earned income tax case** (not like ours) called MOORE vs UNITED STATES where all nine justices agreed that income tax authority comes from Article 1 Section 8 Clause 1 out of the Constitution only! It's complicated, but simply stated SCOTUS essentially has said that the 16<sup>th</sup> Amendment in the way the IRS fraudulently uses it, as a "direct federal income tax" is not lawful. The IRS has argued for decades that people like Barbara and I don't know the law and are "frivolous" and they took us to court and now here I am still in jail 395 days later. Well, the Supreme court just blew their argument out of the water!

**In other words, the MOORE case side issue about tax authority is THE main issue in our case.** This means that if we can get our case to the Supreme Court on an emergency appeal then Barbara and I may have the privilege of driving the wooden stake directly through the heart of the vampire IRS, killing it once and for all. The Supreme Court has teed it up for us. So, today, we filed a judicial notice, brilliantly drafted by Tom Freed, alerting the court that the argument used by the prosecutors for the United States and the jury instructions given to the jury by the judge were wrong (because SCOTUS said so, in essence) and that the case must be dismissed and that I must be immediately released!

**My mother is having her 90<sup>th</sup> birthday on October 7<sup>th</sup>** and I have a right to my freedom to be with her at her big party. Right? Wouldn't that be wonderful!

**On Monday I will be filing a reply motion requesting an emergency hearing** for that very thing and will tell the court that even if you don't agree with the SCOTUS decision, the law allows you to let me out until sentencing with or without an ankle monitor because I am NOT a danger to society and ankle monitors have been proven reliable. So, you have NO legitimate excuse to stop my pre-sentence release. Open my jail cell door today, please!

**Friends, thank you for all your prayers** – they are working. Our God of miracles seems to be passing his hand over this case. Don't stop praying now.

**Love, Ken & Barbara**

- **Ken really appreciates receiving encouraging messages in postcards.** White, pre-stamped postcards with your name and complete return address hand-written is the only thing accepted at the jail. **W. All Tom Fairbanks did was to spend much of his life gathering evidence on the Ritual Abuse of children in Utah. In early March 2024** he was arrested and placed in the Utah Weber County Jail. For what? The real reason for attacks on Tom appeared to be that the Powers That Be couldn't afford to have someone with Tom's very valid evidence of SRA cases to be running around unchecked. Fairbanks' problems began when he decided to take his evidence of Satanic Ritual Abuse of children to share with Utah governmental powers. No sooner had he done so when a tsunami of problems began to plague his life including being poisoned and suffering years of court battles on made up cases.

- **If you wish to help Tom with funds** so he can have phone access, go to [jailATM.com](http://jailATM.com) and register. **X. Judy Note: Jenny Hill and I spent 20 years writing her biography, "22 Faces" to expose our own CIA's horrendous Mind Control Programming based in torture, rape and child sacrifice that was so rampant in our Global Society.** <http://www.youtube.com/watch?v=F626Lsrdwg4>

**"22 Faces" explains how childhood torture separates a young developing brain's thinking patterns into multiple personalities that then allowed perpetrators to control their victims throughout their lives.**

*When the first edition of “22 Faces” was released the biography was immediately brutally attacked by the very pedophiles who, in their worship of Satan, regularly raped, tortured and killed children in exchange for their own sick definition of power and glory.*

*Through these Satanist’s negative comments and one star reviews of “22 Faces” on Amazon, the pedophiles were effective in plunging book ratings to four.*

*“22 Faces” was soon to be re-published and it wouldn’t be a surprise to find those same perpetrators organizing another attack on the book – all designed to cover up their own crimes and make people believe that the Satanic Ritual Abuse of children does not exist among us – in our own neighborhoods – right next door.*

*Upon the soon to be re-publication of “22 Faces,” it would be most appreciated if you could go into Amazon and give the biography a review and rating, plus ask your friends and family to do likewise.*

*The more we can expose those Satan worshipping perpetrators who perform Satanic Ritual Abuse on our children, the more innocents can be saved from what Jenny and so many others had to endure.*

**If you would like notification of the “22 Faces” re-publication release, please email me at: [info22faces@yahoo.com](mailto:info22faces@yahoo.com)**
