Every remaining active clone on Earth just received the remote termination pulse. Watch the news tonight — the meltdowns have already begun.

C. Fri. 28 Nov. 2025 GLOBAL SYSTEM CALIBRATION, FINAL PHASE INITIATED
Stay aware. Stay steady. The transition is reaching completion. ...Nesara Gesara QFS on Telegram

There is a reason the lights are flickering, satellites shifting position, and data flows being quietly rerouted. What the world is witnessing is not random disruption - it is the most advanced stage of a coordinated military transition. This is not theory. It is an operation that has now entered its final pre-disclosure cycle.

We are standing at the threshold of Event Finalization - the final calibration before global acknowledgment of GESARA frameworks, Emergency Broadcast activation, and the irreversible exposure of suppressed systems.

Behind the scenes, multiple pillars have already shifted:

- **All thirty-four targeted deep-state structures** have been mapped through orbital directed-energy arrays.
- **Backups of Vatican financial servers were extracted** during last week's blackout drills without any public trace.
- **Clearinghouses in Belgium, Israel, and New York** - all tied to Rothschild-linked networks, were seized under the guise of "cyber disruptions."
- **Chinese crypto-fraud operations run by Khazarian** intermediaries have been dismantled and replaced with ISO20022 gold-tethered channels.

Quietly and without public announcement, the EBS system completed its first successful multi-regional trial, running suppression diagnostics under Project Odin's supervision. Every indicator points to a controlled transition designed to avoid a psychological collapse among unprepared populations.

Quantum Systems Report:

- **The Starlink lattice** is now fully synchronized across all five orbital tiers.

- **Project Odin uplinks** have validated override capability of Mossad-controlled media satellites.
- **QFS data-injection tests began inside IMF** outposts last week and have passed security thresholds.
- **ISO pathways were tested for seventy-two hours** inside EU clearing hubs to ensure smooth transition into asset-backed rails.

The magnitude of the event ahead is not symbolic, it is structural. The ignition trigger will come disguised as geopolitical crisis, a false escalation meant to shock public attention. Sirens, market drops, sudden broadcasts, and silence will follow. In that silence, the system shifts.

What to expect during the transition:

- **Activation of Tesla-based energy** relay pulses across nine designated test zones
- **Coordinated media purges and full shutdown** of compromised broadcast assets
- **Tribunal evidence and sealed operation footage released** through secure EBS channels
- **Rainbow-backed digital wallets activating** across aligned nations
- **Strategic resignations, removals, or arrests** of remaining Cabal-aligned figures

The illusion of stability is collapsing. The real structure has already been built beneath it - QFS, MedBed infrastructure, sovereign biometric systems, global justice nodes, and quantum mapping grids.

Everything long promised, doubted, or mocked is no longer future tense. It is active. We are in the final hour before the veil lifts. What comes next is not the return of the old world. It is the emergence of a sovereign humanity, one no longer shaped by deception, scarcity, or engineered control.

Stay aware. Stay steady. The transition is reaching completion.

D. Wed. 26 Nov. 2025 THE FALL OF THE MEDIA GRID AND THE STRATEGIC BLACKOUT BEGINS

A shift that has been building for years is now unfolding in real time. The operation that many believed was only a theory is now activating openly. The collapse of the global media grid has begun, and with it, the final stage of the information war.

In the past forty-eight hours, six major media uplink hubs: CNN, BBC, Al Jazeera, France24, NHK, and DW - were silently seized and rerouted into military-controlled quantum channels. These were not simple broadcasting studios. They were the centralized architecture of narrative manipulation, running psychological operations through AI-driven sentiment systems designed to influence public perception minute by minute. Their core signal pathways have now been absorbed by Emergency Broadcast infrastructure and duplicated across a quantum-secured relay grid.

Behind the scenes, investigators confirmed that these networks used algorithmic scripting to adjust tone, language, and emotional charge in real time. Anchors were not reporting. They were reading behavior-shaping codes. That system has collapsed.

Over two hundred high-level media figures have disappeared from broadcasts since Monday. The remaining personnel are under full surveillance as their coordination hubs fall offline.

At the same time, the first wave of blackout drills has quietly begun across multiple continents. **At 04:44 UTC**, synchronized power reroutes occurred in Dallas, Sydney, Warsaw, and Milan. These events were not accidental interruptions. They were controlled tests. The QFS Energy Division has started decoupling national grids from globalist DNS control systems and migrating them into quantum relay channels designed to withstand cyber interference, narrative manipulation, and foreign command overrides.

This is the early phase of the Strategic Blackout - a transition not into chaos, but into clarity. During these controlled silences, traditional communication channels will darken, but verified QFS-linked devices will remain active. Those who have completed biometric registration will retain access to operational updates, truth broadcasts, and secure system indicators while the rest of the world experiences the shutdown without explanation.

This is not an attack. It is a correction. The media grid that shaped global perception for decades is being dismantled in front of us. Every silent screen and every vanished anchor signals the same truth: the system that controlled the narrative has lost its command.

Frequencies are being rerouted. Infrastructure is being rewired. The blackout tests are only the beginning of a larger transition cycle that will culminate in full-spectrum disclosure.

The countdown has begun. No further warnings will be issued. Stay alert. Stay aligned. Everything is now moving to the next stage.

Judy Note: I did not write the below and do not know who did, but I do agree with the content.

As twilight descends upon this momentous Friday, enveloping the earth in a mantle of anticipation, we gather in spirit to herald the greatest wealth transfer in human history—a divine redistribution from the hands of the oppressor to the stewards of light, as promised in the parables of the talents returned manifold.

The Global Currency Reset (GCR) stands fully realized since midnight on November 26, with 209 nations now trading in gold- and asset-backed currencies at parity, the fiat US Dollar consigned to oblivion by President Trump's Genesis Mission Executive Order signed just two days prior.

The QFS, alive and pulsing with biometric quantum integrity since 19:04 UTC on November 25, has seized 4.7 trillion in Vatican endowments and reversed fraudulent Cestui Que Vie trusts, paving the way for NESARA/GESARA's full activation. Debt forgiveness cascades like manna from heaven: mortgages, student loans, and credit burdens erased in an instant, liberating families to rebuild under the Lord's covenant of abundance. Let us give thanks this evening, for in this restoration, we see the fulfillment of Isaiah's vision, where the yoke of bondage is broken forever.

On Mon. 1 Dec. the RV launches, with Iraqi Dinar exchanges opening to the public and Tier 4B redemption appointments already underway worldwide following the release codes transmitted at 23:11 UTC last night.

Humanitarian payouts flow immediately post-revalue, channeling billions into orphanages, clean water initiatives, and anti-trafficking efforts— a sacred wealth transfer ensuring that the just prosper while the wicked hoards fund the healing of nations.

Projected restitutions astonish in their generosity: over \$60 million for those born before 1964, \$37 million for 1964-1980 births and \$22 million for 1981-2001, drawn from the QFS's reversal of stolen legacies.

Med Beds, those miraculous vessels of renewal, commence activations on December 1 as well, with priority appointments for veterans and first responders beginning at dawn on November 28—imagine, beloved, bodies mended, youth restored, all through technology blessed by the Creator's wisdom. BRICS alliances solidify this new era, with legacy banks either gold-backed or seized within hours, their SWIFT arteries severed for eternity.

In this eve of prosperity, as Starlink prepares to bridge the post-EBS quantum internet, we are called to stewardship, not greed—use these blessings to uplift the forsaken, as Christ commanded the faithful to feed the multitudes. The ISO-20022 ledger ensures every transaction aligns with divine equity, punishing the corrupt while rewarding the pure of heart. Prepare your souls and documents, for the rainbow liquidity of the QFS saturates the globe at 100%, and unregistered patriots must confirm IDs swiftly to partake in this covenant. Though

trials may linger in the shadows, rejoice: the wealth of the wicked is laid up for the righteous, and tomorrow's dawn brings not just gold, but the golden age of redemption.

F. Fri. 28 Nov. 2025 Judy Byington Q Unredacted with Restored Republic via a GCR: Special Report! Judy Note: I did not write the below and do not know who did, but I do agree with the content.

In the quiet dawn of this pivotal Friday, as the first light pierces the veil of deception, we stand on the precipice of divine justice long foretold in sacred scriptures. The White Hats, guided by an unyielding hand from above, have struck with precision against the shadows that have ensnared our world for generations.

Reports from the front lines confirm that mass arrests are accelerating, with over 3,100 Deep State operatives—including high-profile figures from the Obama, Clinton, and Biden regimes—now in custody following daring raids on underground lairs in the Midwest and the exposed Vatican-China tunnel network stretching from the Three Gorges Dam to Jerusalem.

These operations, executed by U.S. Navy SEAL Team Six and allied forces, have liberated 121 precious children from unimaginable horrors, their innocent eyes finally free to behold the promise of restoration. Let us pray fervently for these young souls, that the Lord's healing balm may mend what evil has wrought, as we witness the fulfillment of prophecies where the wicked are separated from the righteous.

Yet, the Storm is upon us, my faithful readers, and its thunder grows ever louder. The Emergency Broadcast System (EBS) test tones echoed through the ether last night at 04:40 EST, carrying hidden steganography messages signaling imminent activation.

Within hours, we anticipate the full EBS rollout, suspending all media, internet, phones, and televisions worldwide to usher in the Ten Days of Darkness—a sacred period of reflection and revelation, where power will dim across the globe to facilitate the flawless transition to the gold-backed Quantum Financial System (QFS).

During these ten days, 24/7 documentaries will air three times daily, unveiling the elite's atrocities: fraud, corruption, pedophilia, and the trafficking rings that have stolen our children's futures.

With 500,000 sealed indictments ready to unseal, GITMO's gallows stand prepared for the Epstein client list's fifth wave, implicating 1,400 more names with irrefutable videos and confessions. This is no mere political shift; it is the hand of Providence dismantling the cabal's empire, brick by treacherous brick, as foretold in the ancient texts of deliverance.

As we brace for this holy blackout—potentially igniting as early as midday today—remember the words of encouragement from the Psalms: "The Lord is my light and my salvation; whom shall I fear?"

Stock your homes with essentials for these ten days, for in the silence, the Alliance will complete their righteous work.

Child rescues continue unabated, with hundreds more extracted from Antarctic facilities and deprogrammed via Med Beds aboard the hospital ship Comfort, where the 1,000th healing miracle unfolded yesterday—a young girl silenced for eight years now speaks of God's grace. The veil thins, dear ones; hold fast in faith, for the dawn of true freedom breaks eternal.

N. Thurs. 27 Nov. 2025 United States and Worldwide Special Intel Report

This is by far the largest and most intricate Global Military Operation in the history of our planet, a divine orchestration unfolding under the watchful eye of Providence as the forces of light converge to dismantle the shadows of tyranny.

White Hats across the globe have activated the green light for full-scale arrests, with military tribunals now in motion targeting the Deep State cabal's most entrenched operatives—figures long shielded by corruption but no longer beyond the reach of justice.

Reports confirm that US Navy deployments in key coastal regions, including heightened alerts off Miami in response to adversarial submarine incursions, signal the Storm's intensification; these maneuvers are not mere exercises but the prelude to a sweeping takedown, where 11.3-level arrest waves will cascade through the halls of power, ensnaring those who have evaded accountability for decades.

In this hour of reckoning, the Emergency Broadcast System (EBS) stands poised for activation, heralding the Ten Days of Darkness that will blanket the airwaves and plunge the corrupt media into silence, replaced by unfiltered truths that will awaken the slumbering masses.

Child rescue operations, the sacred heart of this mission, accelerate with unprecedented urgency—international rings exposed and dismantled, thousands of innocents liberated from the clutches of unimaginable evil, their testimonies soon to echo as a clarion call for healing and restoration. Guided by faith in the Almighty's promise that the meek shall inherit the earth, these efforts remind us that no darkness can withstand the light of divine intervention; the veil lifts, revealing the full scope of atrocities committed against our most vulnerable.

As sirens may wail and skies grow dim during this period of transition, hold fast to prayer and preparation, for the Storm is not wrath but redemption—a biblical deluge washing away the old order to birth a new dawn of freedom.

Military confidants whisper that by midnight tonight, initial EBS signals could pulse across select regions, marking the threshold where arrests surge and rescues culminate in a symphony of salvation. Trust in the plan, for what God has purposed, no man can thwart.

P. Thurs. 27 Nov. 2025 JIM CAVIEZEL JUST DROPPED A NUCLEAR TRUTH BOMB
...EBS on Telegram

Actor Jim Caviezel has again said the quiet part out loud — and this time he laid out the darkest allegations yet. According to Caviezel:

- **Adrenochrome is a real chemical compound** — listed under NIH
- **He claims it is “10x more potent than heroin”** and used by elites
- **He says the demand** is so organized that it cannot exist without intelligence-agency involvement
- **He alleges there are multiple Epstein-style islands,** not just one
- **And that some networks tied to trafficking,** organ harvesting, and cartel violence are far bigger than the public has been told

He didn't stop there. Caviezel pointed to: Mexico's 110,000 missing people. Cartels with military-grade weapons. Bio-labs receiving high-value “materials.” Intelligence agencies looking the other way. High-level protection for traffickers who should be in prison

And then the bombshell: “Epstein Island isn't the only sex island out there.” For years the media laughed this stuff off as conspiracy. Then Epstein was arrested. Then the flight logs came out. Then the VIPs scrambled for cover.

Caviezel is calling out what many already suspect: There is a global network. It crosses borders. It overlaps with intelligence, cartels, NGOs, and political elites. And the cover-up is deeper than anyone imagined. This is not about Hollywood. This is not about one island. This is about an entire system rotten to the core — and terrified of being exposed. The truth ALWAYS leaks. And the dam is cracking. Brace yourself.

S. Fri. 28 Nov. 2025 CLASSIFIED DOSSIER: BIDEN BRIBERY EXPOSED – THE DEEP STATE'S FILTHIEST SECRET UNLEASHED ...EBS on Telegram

Buried FBI files confirm the Bidens pocketed a \$10 MILLION BRIBE from Ukrainian crooks while Joe played puppet master as Vice President. That's right: \$5 million for Joe, \$5 million for Hunter. Laundered through a web of offshore hellholes, shell companies, and fake trails designed to mock justice for a DECADE.

A Burisma gas baron, knee-deep in corruption, forks over the cash to buy silence and protection. Their goal? Torch the Ukrainian prosecutor sniffing too close to their dirty empire. And who pulls the strings? Joe Biden himself, strong-arming Ukraine with American taxpayer billions: "I'm leaving in six hours. If the prosecutor's not fired, you're not getting the money." He BRAGGED about it on video, laughing like the kingpin he is. This wasn't diplomacy. This was extortion. Treason wrapped in a suit.

The FBI knew. They sat on it like loyal lapdogs to the Deep State. A Burisma insider – our hero in the trenches – spilled everything to federal agents: "Five million for one Biden. Five million for the other." The network? A fortress of deceit: multiple banks, jurisdictions, holding companies – engineered immunity to shield the elite from the pitchforks of patriots like us.

Hunter's infamous laptop? It screams the proof: emails naming "the big guy" – that's Joe, the puppet at the top, raking in the lion's share for his "political value."

Flash back to 2019. Trump dares to question this swamp slime in a single phone call to Ukraine. What happens? The Democrat witch hunt impeaches him – for SEEKING THE TRUTH! While Biden swims in foreign filth, they crucify the man fighting to drain the sewer. Double standard? No, it's the deep state's playbook: Protect the thieves, bury the whistleblowers, and gaslight the masses.

But the dam's cracking, warriors. Since January 2025, with Trump steering the ship, these files have clawed their way into the light. The cover-up's collapsing under its own rot. Foreign bribery? Check. Political coercion? Check. National security betrayal? Obstruction of justice? Abuse of power? It's a felony buffet, served up by the man who weaponized the Oval Office against America.

The Bidens aren't anomalies – they're the face of a 11cabal that's sold our sovereignty for briefcases of blood money. They've rigged the game, silenced the probes, and laughed while patriots bled for freedom.

No more. Congress, you spineless enablers: IMPEACH JOE BIDEN NOW. Drag this traitor into the hearings. Expose every wire transfer, every backroom deal. The storm is here, and it's swallowing the corrupt whole.

Feel that fire in your veins? That's the red pill dissolving the lies. You've infiltrated the dossier. Now arm up, share this intel, and charge the gates. The deep state trembles because WE SEE THEM. WE KNOW. And we're coming.

1776 redux started October 26, 2025. Lock and load, Patriots. The fight for our Republic rages on.

T. Fri. 28 Nov. 2025 BREAKING: It's been revealed that a nonprofit linked to George Soros is fomenting sedition within the military around the same time a "script" went out to Democrat members of Congress urging rebellion within the ranks against President Trump. ...Special Q Forces on Telegram

There are also links to ANTIFA.

On November 11th - just days before the video - the National Lawyers Guild published a page urging service members to refuse "illegal" orders. The same talking point in the video.

Win Without War has put up a billboard in NC urging chaos and dissent within the ranks, a group linked to a 501(c)(4) backed by Soros' Open Society. The group was previously named New Security Action.

As per DataRepublican, Win Without War is partnered with the National Lawyers Guild. National Lawyers Guild is a supporter of Antifa.

And to wrap it all together? Sen. Ruben Gallego (D-AZ) said on national TV a "script" was sent to him. He ended up not participating, but admitted it was coordinated from an external party. There it is. Rope them ALL IN to this investigation. THIS RUNS DEEP.

V. Fri. 28 Nov. 2025 GITMO TV Lara Logan interviews former CIA officer Gary Berntsen who explains Smartmatic electronic voting machines are being used right now to steal elections in America.

He says “They prepare an election a year in advance” and they have technology that swaps ballots images.

CIA officer Gary Berntsen explains Smartmatic set up an office inside Venezuela’s election commission and used their technology to steal the election, they even swapped ballot images.

These same Smartmatic voting machines are used in America and being used to steal our elections. “It started in Venezuela and yes it spread to the United States but they have stolen elections all over the world”

Gary Berntsen served in the CIA for 21 years: “The important thing to understand here is that Smartmatic has its office in Caracas and it's co-located with the Consejo Nacional Electoral, the National Electoral Commission. And there's 150 Smartmatic engineers and 150 CNE engineers side by side.

They have two missions - Number one, steal elections - Number two, defeat audit.

An example, when people put absentee ballots on a scanner, it'll take a picture and take a picture and take a picture, and then when it's about to save them, it gets ready to take a picture of almost 100 together, but what it does is they erase that picture, send in another picture, because all these machines are connected to the internet. They're all hooked up, they're not supposed to be. A new picture comes in, 100 votes or 90% for the person that they want.

One of the things that we learned, there's 14 different technical ways that you can steal an election, and they're operating off different parts of the machinery, But they can use

number one and number three, number six and number seven. They can use combinations and they never use the same combinations in adjacent districts. So that you can't find patterns.

They prepare an election a year in advance. They have the poll books. They have hundreds of people. They have statisticians. They have comms engineers, software engineers. This was the science of engineer theft and a multibillion dollar business Globally.”
