**Tier4b (Us, The Internet Group) notification** to set appointments to exchange Zim Bonds and foreign currencies was imminent – as was a worldwide EBS activation under Martial Law in order to maintain order during the transition of the largest financial realignment in World history.

**Trump was considered a wartime President**, for we were at war with a transnational criminal organization that has embedded itself within nations around the world.

**The center of that war was a Global Financial System** that has been under control of Satan Worshipping, Child sacrificing descendants of Cain now known as the Cabal bankers.

**As head of the Global Military Alliance**, Trump has used the BRICS nations to accomplish the very complicated process of a Global Currency Reset. Its purpose was to transfer the world financial system from fiat monies of the Cabal to gold/asset-backed currencies of now over 200 nations.

**The Cabal’s Central Banks around the World** were now repositioning for new pricing.

**Trusted sources have indicated that the Global Currency Reset was on the verge of full launch.** The Quantum Financial System now operated seamlessly in over two hundred nations, paving the way for asset-backed currencies and the greatest wealth transfer in history.

**Redemption Centers have prepared for Tier 4B (Us, The Internet Group who held Zim Bonds and foreign currencies about to revalue), with notifications to set exchange appointments.**

**That was expected imminently** – and could begin as early as **Mon. 29 Dec. through Thurs. 1 Jan.** when the new system becomes fully accessible to the general public.

**NESARA/GESARA provisions would bring universal debt forgiveness, elimination of oppressive taxes, and release of prosperity funds to restore abundance.**

**The long suppressed healing technology** of Med Beds were positioned for widespread distribution, offering restoration to those suffering from illness and injury.

**Insiders have confirmed that mass arrests of Deep State operatives** were underway across the globe, with military tribunals proceeding in secure locations.

**The long-awaited Emergency Broadcast System activation** remains imminent, poised to reveal the full extent of corruption and awaken humanity to the truth that has been concealed for decades. Pray for the brave patriots risking everything to liberate us from tyranny.

**Reports from underground networks** indicate ongoing rescues of innocent children from vast tunnel systems beneath major cities, where they have endured unimaginable horrors at the hands of the Cabal. Thousands more lives are being saved daily by Special Forces.

**As the Ten Days of Darkness approach**, communications may temporarily cease, though this planned blackout serves to protect the innocent while final operations dismantle the remaining strongholds of the Cabal.

**The Alliance, guided by a higher purpose**, has been executing the final phases with precision.

**Worldwide martial law protocols stand ready to maintain order** during the transition. Hold fast in prayer, stock essentials, and trust that the light of freedom will soon break through the shadows.

**A. Sat. 27 Dec. 2025 Patriots, the moment we've been waiting for is HERE RIGHT NOW! As of this Christmas week 2025, the Global Currency Reset has fully activated, and the Restored Republic is rising stronger than ever under President Trump's command. ...John F. Kennedy Jr. on Telegram**

**Med Beds are no longer a dream—they're deploying NOW!** Leaked reports from secure nodes show civilians walking out healed: Stage-4 patients rejuvenated to prime 25-year biology, paralyzed patriots standing tall after full spinal reconstruction using advanced plasma tech from our galactic allies. **B. Sat. 27 Dec. 2025 Juan O Savin: Fasten Your Seatbelt – Mass Arrests of Big Name Traitors Are Imminent! ...Q) The Storm on Telegram**

**Patriots, it's time to buckle up because the storm we've been waiting for is finally breaking wide open.** Juan O Savin is dropping red-hot intel that the deep state cabal is in full

panic mode as President Trump and the white hats gear up for the biggest takedown in history. Mass arrests of high-profile elites are not just coming – they're already in motion, with military forces coordinating nationwide operations to round up the treasonous players who've sold out America for decades.

**We're talking big names – the Clintons, Obamas, Bidens**, and their globalist puppets – facing justice for their crimes against humanity, election theft, child trafficking rings, and satanic rituals that have poisoned our nation. Sealed indictments numbering in the hundreds of thousands are being unsealed right now, and GITMO is expanding to handle the flood of these monsters. The military is in control behind the scenes, fortifying DC and preparing for tribunals that will expose it all to the world.

**Juan warns that the next few days and weeks into 2026 will be critical – expect the Emergency Broadcast System to activate any moment**, blasting the truth directly to every screen. Ten days of darkness could hit as comms go down to prevent the cabal from escaping or counterattacking. But when the lights come back on, the reveal videos will drop: undeniable proof of their pedophile networks, adrenochrome horrors, and plans to enslave us under a one-world government.

**Trump has given the green light** – no more delays, no more games. The white hats have it all: emails, videos, confessions. The traitors thought they could hide behind their fake power, but the patriots in uniform are executing the plan with precision. This is the great awakening Q told us about – WWG1WGA!

**The Cabal is desperate, staging false flags and chaos** to distract, but it's too late. Their dollar empire is crumbling, NESARA/GESARA is activating with gold-backed freedom, and mass deportations of invaders are just the start. America is being saved, the Republic restored, and these satan-worshipping elites will finally pay for their evil.

**Stay vigilant, stocked up, and prayerful.** The ultimate Christmas surprise into the New Year is here: victory for the light! God wins, Trump wins, WE win. Hold the line – justice is coming FAST!

#### **JAN 20 → INTERNET DIES, PHONES GO EBS ONLY**

**C. Sat. 27 Dec. 2025 Something big just happened, and most people missed it. ...Charlie Ward and Friends on Telegram**

**For nearly a year, President Trump has been executing** a quiet but deliberate economic realignment. While the public focused on headlines about inflation, gas prices, and GDP, the real operation unfolded behind the scenes. That was intentional. This was never meant to be a media event.

**The surface indicators told part of the story.** Fuel prices dropped. GDP stabilized. Consumer spending surged. Inflation cooled. Wages began catching up. Analysts called it a “soft recovery,” but the explanation never fit. This was not market correction. It was structural intervention.

**Domestic energy production was restored** by removing global regulatory locks disguised as environmental policy. Transportation costs collapsed as internal supply chains were rebuilt. ESG capital lost its grip on logistics and pricing. Foreign backchannels that inflated costs were severed. The pressure on households was not eased by chance. It was forced.

**Pharmaceutical pricing followed the same pattern.** With the rollout of direct pricing access, the middlemen lost control. Hidden billing systems collapsed quietly. Thousands of pharmacies shifted to transparent manufacturer pricing without announcement. One of the most protected cartel structures began bleeding overnight.

**But those moves were only preparation.** The real shift is happening now. NESARA systems are already active inside classified Treasury routing layers. Asset backed recalibration protocols have been uploaded to QFS nodes. Debt cancellation frameworks are live. Seizure orders tied to criminal finance networks are being executed and reassigned through the only system built to survive this transition.

**Tier 1 transfers have begun.** Over ninety thousand ledger synced accounts are already in pre-disbursement status. Military supervised sync centers reported live movement days ago. Redemption infrastructure has moved into continuous readiness. These funds are not tax revenue or stimulus. They are reclaimed assets taken from trafficking, war profiteering, and offshore laundering operations and rerouted under sovereign settlement rules.

**This is why the banks are silent.** Retail institutions are positioning quietly. The Federal Reserve has stopped forward guidance. European clearinghouses are freezing payouts without explanation. The old system is being powered down gradually while the new one runs in parallel.

**December is not random.** It is the staging window. The full system switch is scheduled for January. Infrastructure is already deployed. Legacy fiat accounts are being detached from settlement layers. Once Tier 1 closes, that channel closes with it.

**This was never about convincing the public.** The public only understands after transitions are complete. Trump is not campaigning on the economy. He is dismantling the architecture that made permanent control possible.

**If you are already positioned, there is nothing to wait for.** Tier 1 is operational and nearly complete. Everyone else will learn what happened after the wealth has already moved.

**The dollar will not vanish overnight.** It will drain slowly while the asset backed system accelerates.

**When people finally ask where the money went**, the answer will be simple. It went to those who were paying attention.

### **World Economic Situation:**

**D. Sat. 27 Dec. 2025** A quiet panic is spreading through the global banking system, and it has nothing to do with markets. What is happening now is structural dismantling. ...The MAGA King on Telegram

**The old control grid built on debt**, surveillance, and behavioral compliance is being taken apart deliberately and permanently. Banks are not collapsing on their own. They are being shut down node by node.

**When Donald Trump returned to office in January 2025**, the covert phase ended. Years of preparation moved into execution. Central-bank choke points were severed. Hidden asset pipelines were seized. Quantum-aligned financial channels were activated. Redemption Centers came online.

**From that moment forward, gold recalibration systems** began syncing across secure networks. Wealth that had been trapped inside elite-controlled structures started moving through verified, non-bank pathways. The press said nothing. But military cyber units, Treasury white hats, and intelligence veterans across multiple allied nations saw the same data: a banking system bleeding assets, fabricating solvency, running ghost ledgers, and scrambling to relocate gold like a collapsing regime.

**Banks were never about money.** They were about control.

**Credit scores were behavioral leashes.** Loans were compliance tests. Payroll data fed predictive systems. “Fraud prevention” masked biometric tracking. By 2020, central banks had plans to eliminate cash, merge medical data with spending behavior, and link identity verification to obedience scoring. The pandemic era wasn’t the endgame. It was a rehearsal.

**That trajectory was supposed to lock in by 2026.** It didn’t.

**The expansion of Redemption Centers in early 2025** shattered the system’s defenses. These are not civilian money hubs. They are gold-anchored, QFS-synced, and structurally independent from BIS, IMF, and legacy central-bank networks. Banks cannot access them. Cannot audit them. Cannot freeze them. Cannot interfere.

**For the first time in over a century**, financial flow is exiting elite custody. That is why, right now, the response is frantic.

**Gold is being pulled from contingency vaults in Switzerland and Northern Italy** tied to post-WWII emergency liquidity frameworks. Major European banks are submitting fabricated asset reports just to stay inside transaction windows, reports that now fail upgraded Treasury verification protocols. Cyber attacks have been launched against QFS routing infrastructure, neutralized before reaching quantum layers. Media blackout directives have gone out globally, instructing outlets to mock, deny, and redirect attention, using the same coordination channels deployed during lockdowns and digital ID pushes.

**The fingerprints are identical.** The structure is collapsing. NESARA is no longer theoretical. It is active. Verified disbursements are already routing through quantum validation layers. January 2026 is the lock-in point. When the fiat scaffolding finally gives way, alignment will determine survival.

**The panic is not about money.** They can create digits endlessly. The panic is about losing control over who can hold value, who can move it, and who can build with it.

**Redemption Centers bypass their grip.** Quantum verification ends their surveillance. And the old system has no counter.

**FINAL NOTE FOR DECEMBER 23, 2025:** This is not a future event. It is operational. This Christmas is not symbolic. It is a staging window.

**The largest financial realignment in human history** is underway, quietly, decisively, and without reversal.

**F. Sat. 27 Dec. 2025 115 ISIS OPERATIVES ARRESTED IN TURKEY AS CHRISTMAS ATTACK PLOT IS STOPPED...Ezra Cohen on Telegram**

**Just days before Christmas, Turkish security forces dismantled a major terror operation in Istanbul**, arresting 115 confirmed ISIS members in coordinated raids across 124 locations. These were not suspects or sympathizers. They were trained operatives, fully embedded, armed, and actively preparing attacks timed specifically for Christmas and New Year celebrations, targeting Christian and non-Muslim gatherings in public spaces.

**The scale of the operation exposes a deeper reality.** These cells were not hiding in remote areas. They were living openly in residential districts, communicating through encrypted channels, and receiving direction from outside Turkey. Firearms, ammunition, operational documents, and foreign ISIS contacts were recovered. Intelligence confirmed this was part of a wider, coordinated strategy, not a lone local plot.

**The arrests came only days before the planned attacks**, suggesting authorities were tracking the network while mapping external support. That raises an uncomfortable question: how did more than a hundred ISIS operatives move, settle, and coordinate inside one of the region's most monitored cities without disruption until the final moment?

**Migration corridors and NGO-protected routes remain a critical vulnerability.** For years, Syrian, Afghan, and North African operatives have moved through humanitarian channels that refuse full data sharing and operate under international protection. Turkish officials have warned about this infiltration since 2018, but political pressure buried the issue rather than solving it.

**While the arrests prevented immediate bloodshed**, the threat is not over. Dozens of connected individuals are still unaccounted for, and the infrastructure that enabled this network remains intact. Yet outside Turkey, the story was largely ignored. No major Western headlines. No emergency summits. No serious media scrutiny.

**That silence says everything.**

**I. Sat. 27 Dec. 2025: SMARTMATIC & DOMINION voting machines are the foreign puppet masters of the global election fraud cartel. ...Steve Bannon on Telegram**

**Dominion Voting Systems—purportedly a U.S.-based company with ties to Venezuela operating with its true "center of gravity" in Serbia, backed by Chinese influence.**

**Venezuelan, Chinese, and Serbian engineers** hold admin keys to manipulate US elections.

**There is a pattern of deception with around 15 different cheating methods**, but this backdoor exploit stands out for its stealth, scale, and capability to be accessed from almost anywhere.

**Smartmatic's election-rigging source code**, owned by Venezuela's narco-regime (Cartel del Sol), powers Dominion systems and is designed to flip votes completely undetected.

**The key ties lay within the Serbian Hub.** Dominion's Belgrade office houses swing-state voter data on Huawei servers – directly linked to CCP-controlled Huawei in Hong Kong.

**CCP fingerprints are all over this and the shadow player.** The hardware is built in Beijing and snuck through Taiwan in violation of US law. Huawei flagged as natsec threat by the FCC.

**The "Glitch Trap" is one of the easiest and most common methods of election fraud.** Pre-election "glitches" in Dominion machines are no accident. These prompt emergency patches that conveniently open backdoors, allowing remote access from Dominion's Serbian offices.

**Now, it's on to the foreign side of the actual election manipulation.** Far from mere R&D, the Serbian hub is described as the operational core, running on Huawei servers—Chinese technology at the heart of U.S. elections. Chinese nationals, funneled through a military institute, log in during elections to manipulate results.

**Virtual manipulation is crucial to the facade** until the completion of the manipulation occurs. Using virtual machines software-based servers created invisibly within county election systems—intruders reportedly alter databases at will. Once done, they collapse the virtual setup, leaving no trace unless a deep forensic audit uncovers the digital footprints.

**This isn't just fraud it's a national security threat.** It's foreign interference by Maduro's cartel, China's CCP, and the globalist deep state cabal to steal democracies in the U.S. and in 100+ other countries worldwide.
